PROCEEDING REPORT OF E-SEMINAR

ROFEL Shri G.M. Bilakhia College of Pharmacy has organized GUJCOST and DST Sponsored Two days national level E-Seminar on title "Role of Research and Startup in 2021-Post Covid-19 Challenges and Opportunities. The purpose of organizing this webinar was to address current research and startup-based opportunities to the pharmacy students. The entire world has witnessed the impact of coronavirus from 2019 December to date. During this crucial time, the Indian pharmaceutical industry performed incredibly well throughout this period. This level of global disruption poses very significant challenges, yet at the same time has the potential to create space to transform the researchers into better startups. The covid-19 challenge brings a PPE kit, drones, ventilators face shield, and types of masks are a few examples of them. The webinar impact on an academic level will help students to learn the process for performing the research successfully. Post covid-19 how challenges can be converted in opportunities and scope of pharmaceutical research will learn through this webinar. Future scope for research and innovations can learn through the expert session. Promoting the various entrepreneur skills in students helps them to become more competitive and progressive. Promoting healthcare based research and startups will increase competency amongst researchers and results in a better outcome for society. This webinar will help in making the student's talent enable and empower in 2021.

The E-Seminar was organized to enable and empower students. Therefore online painting and Essay competition were also included in the E-Seminar. There were 234 registrations for the event. Participants were from the different states and colleges have registered enthusiastically for the E-Seminar. There were more than 30 faculties from the different pharmaceutical institutes were registered for the E-Seminar.

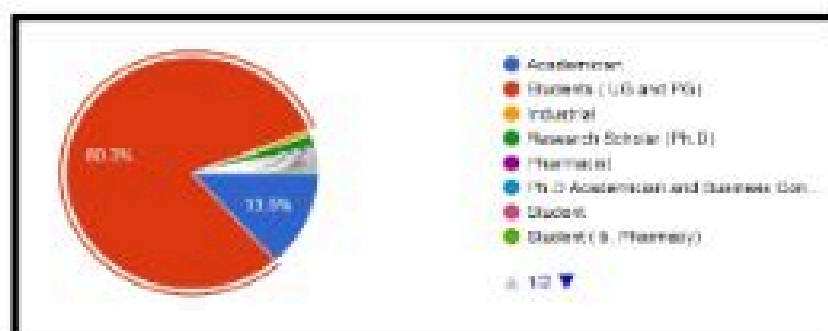

Figure 1: Registration Detail

The inauguration ceremony commenced with Saraswati Vandana. The virtual welcome was given to all dignitaries and guests on a virtual platform for the inaugural ceremony. Welcome

address and was given by Dr. Chirag Desai who is the coordinator of the event. Dr. Chirag Desai briefed on the purpose of the seminar and expressed his immense pleasure for the presence of delegates from industries as well as various pharmaceutical institutes of India.

Rtn. Prafulbhai Dewani, Trustee of ROFEL trust gave best wishes for the success of the seminar. Rtn. Prafulbhai Dewani addressed the audience on a vision of ROFEL Trust and the journey of ROFEL Trust and on the purpose it was incepted.

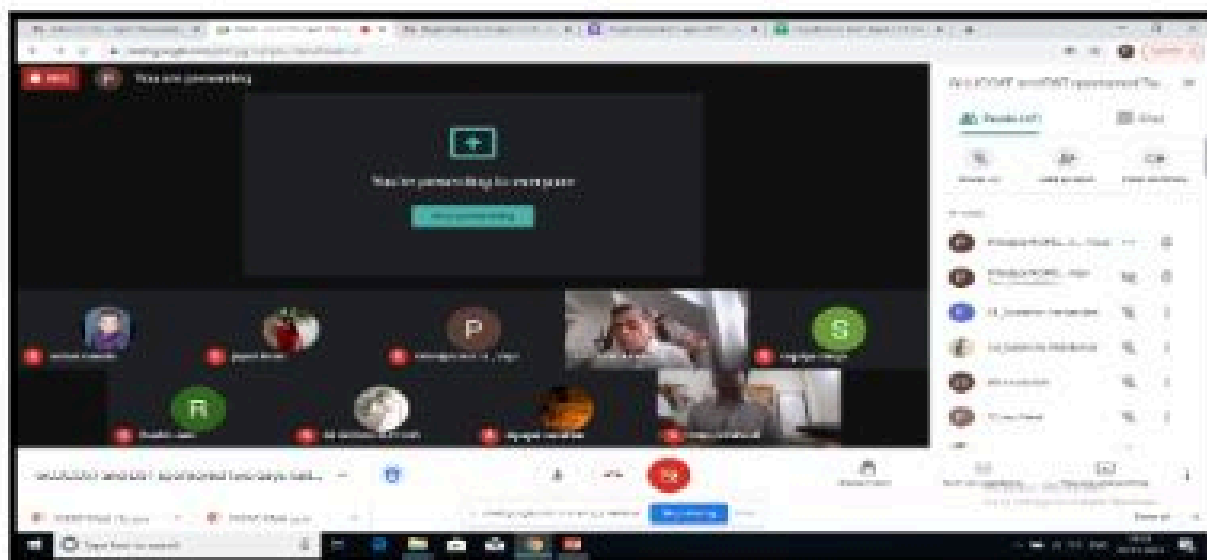

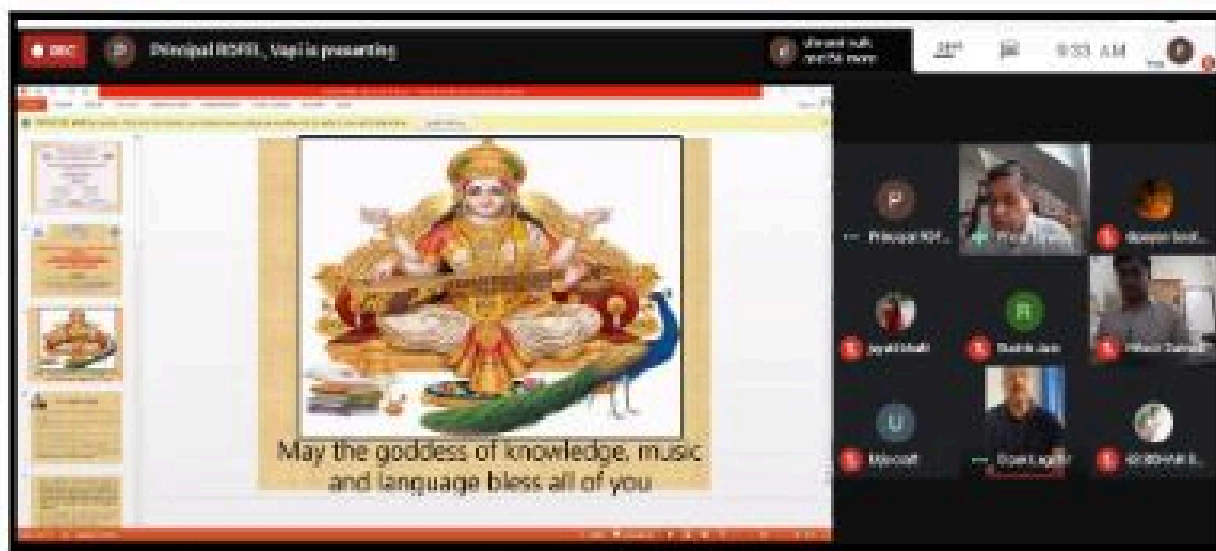

Figure 2: Inauguration ceremony and Best wishes from Trustee

Mr. Dipak Lagdhir, Ex. Regional officer, CED was the Chief Guest for the E-Seminar. Mr. Lagdhir expressed opportunities in the entrepreneurship and startup from various government

sources, Mr. Lagdhir also encourages participants by sharing some vital skills require for the entrepreneurship and startup.

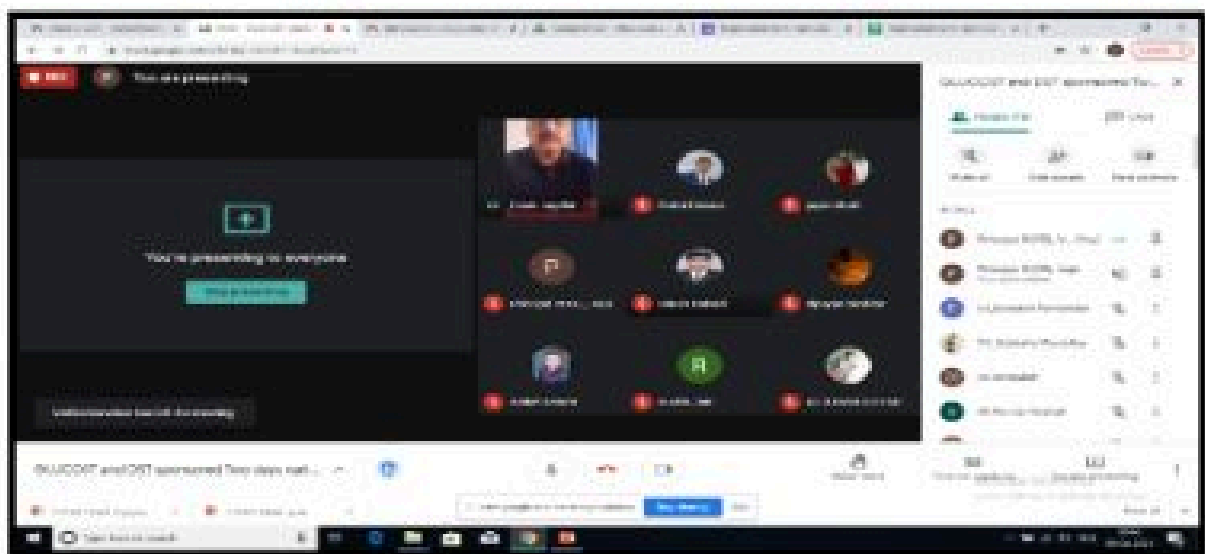

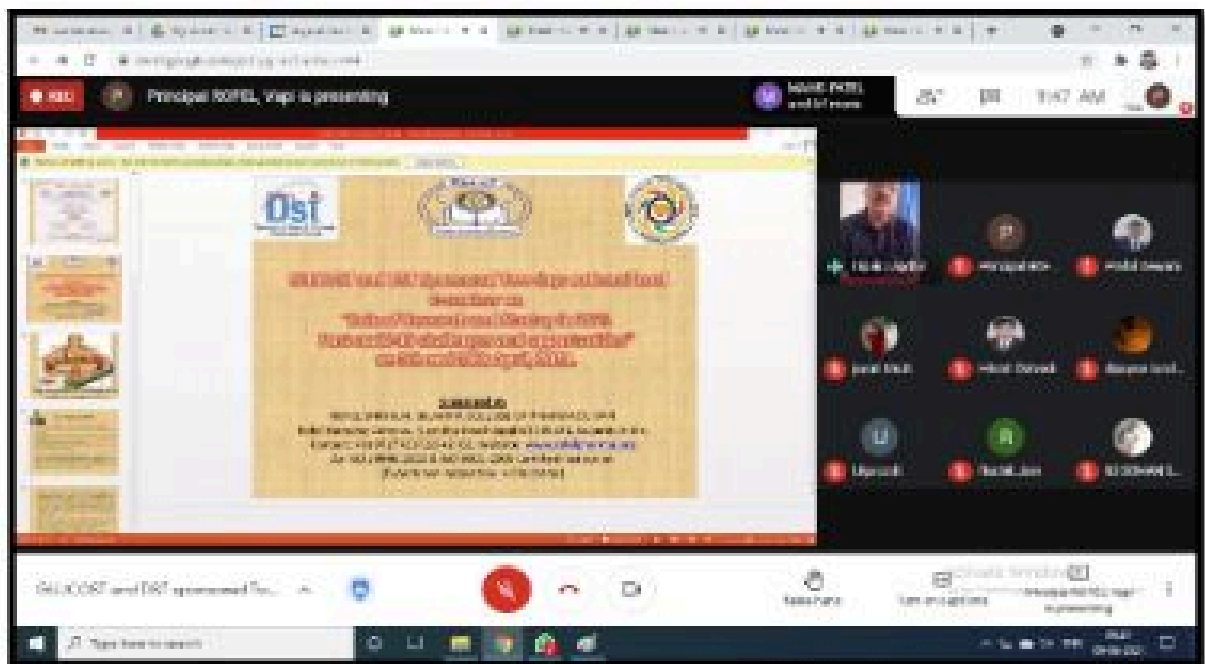

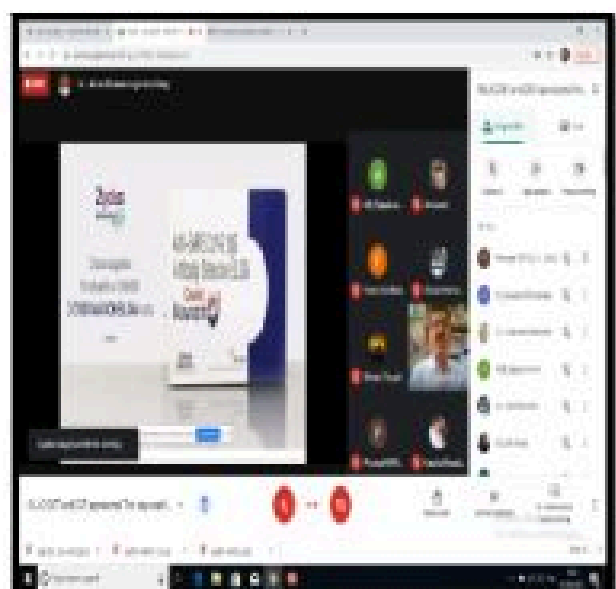

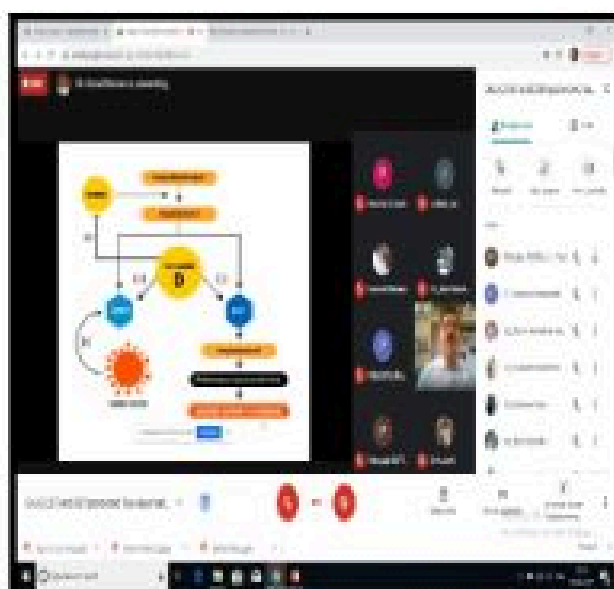

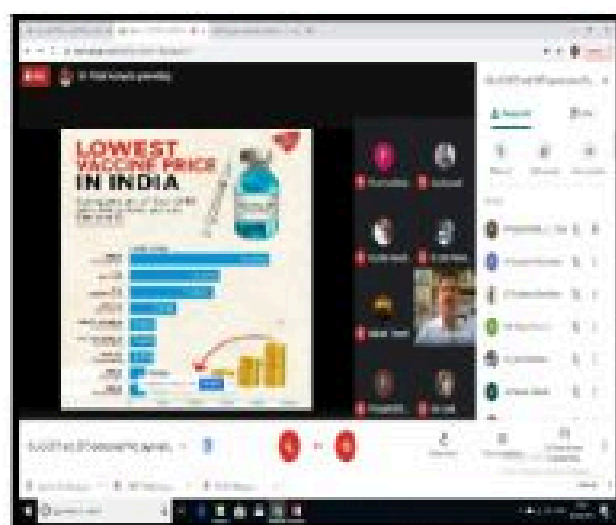

Figure 3: Chief Guest Mr. Dipak Lagdhir, Ex. Regional Officer, CED, GUJARAT.

The Vote of thanks for the inaugural session was expressed by Dr. Chirag Desai, Coordinator of the GUJCOST and DST sponsored Two days national E-Seminar. The technical session started at 10:00am onwards on day 1 (09/04/2021).

Session 1: Dr. Vimal Kumar (Principial and Dean, ITM school of Pharmacy, Vadodara)

Dr. Vimal kumar have started the session on topic entitle Role of pharmaceutical research Post Covid-19. Dr. Vimal Kumar has shared how pharmaceutical research by Indian pharmaceutical industry has lead during the Pandemic. The research on vaccine by Indian industries, Research on antiviral and useful medicines by the pharmaceutical industries, research on mask and PPE kit are discussed during the session. Dr. Vimal Kumar sir have also emphasized on the role of alternative system of medicine research during the pandemic. How traditional system of medicine can become vital in boosting immunity to fight against the corona virus. Dr. Vimal kumar have also shared traditional sources of vitamin C and D and their role in fighting against the coronavirus.

(Figure 4: Session from Dr. Vimal Kumar Timing: 10:00 am to 11:00 am on 09/04/2021)
Session 2: Dr. Praful Bharadia (Professor, LMCP, Ahmedabad)

Dr. Praful bharadia has delivered his talk on Role of SSIP in research and startup. Dr. Bharadia explained the brief process about innovation. How the innovations are converted into the useful startups. Some examples are also shared to understand the innovation and startup by students during the session by Dr. Bharadia. Some vital sources like TOYCATHON-21, YUKTI-2.0, and ASEAN-India Hackathon are also advised and suggested by Dr. Bharadia for participants to look after. Dr. Bharadia has also shared Government system and protocol to support startup and provide financial assistance, mentor support and others for progressing towards establishment. Some university and academic level support system for startup are also suggested by Dr. Bharadia in his session.

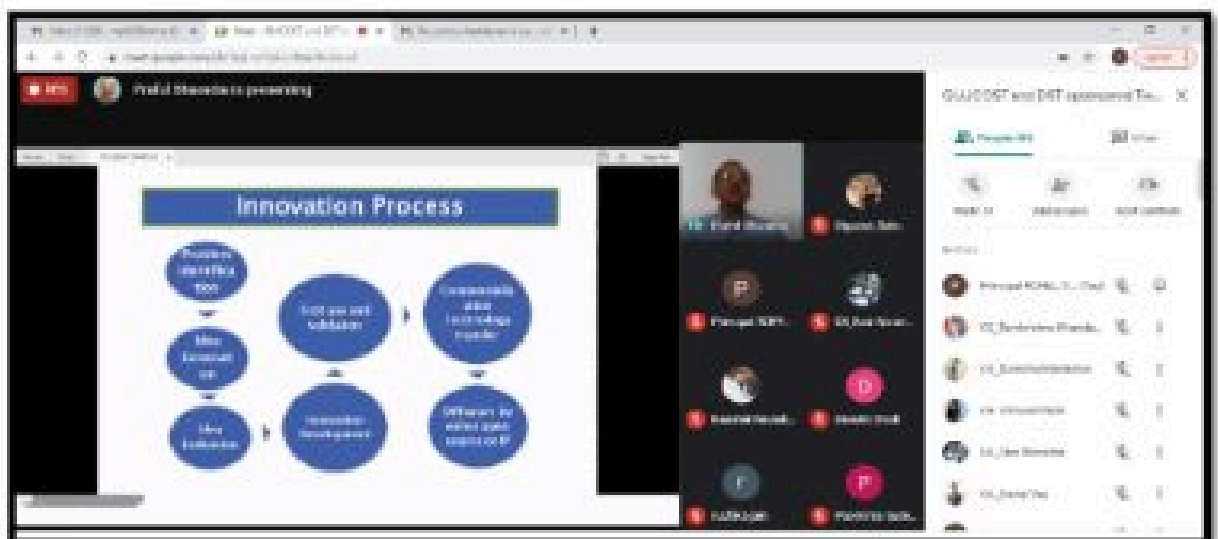

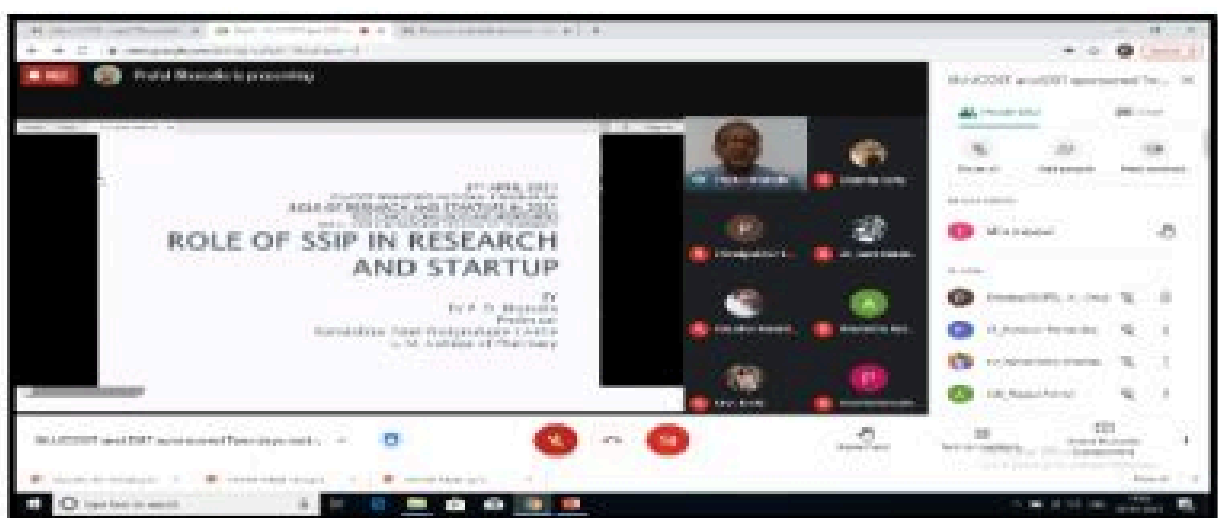

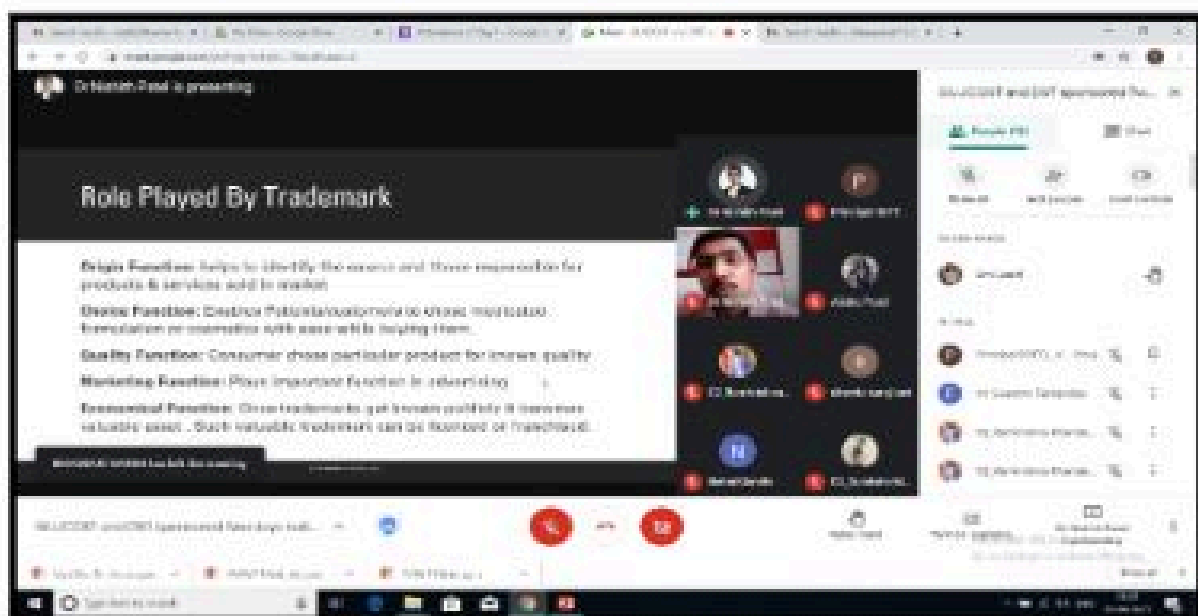

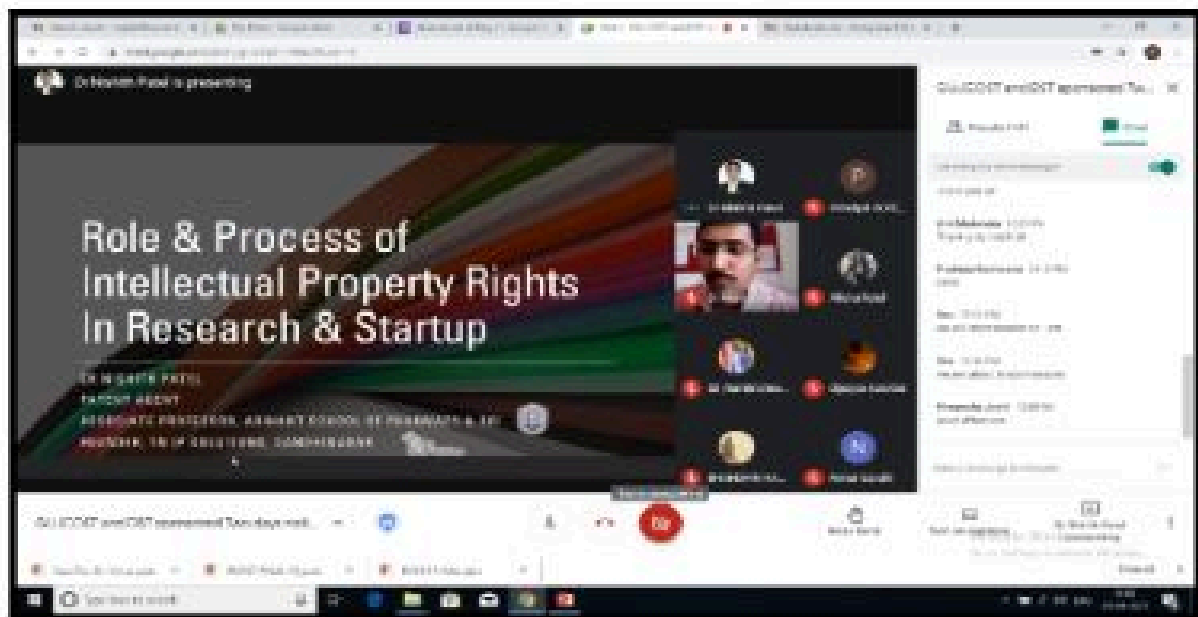

Figure 5: Session by Dr. Praful Bharadia Timing: 11:00 am -12:00pm Day 1(09/04/2021)

Session 3: Dr. Nishith Patel (Associate Professor, Arihant School of Pharmacy, Gandhinagar)

Dr. Patel is a registered Indian Patent agent. Dr. Patel had discussed on role and process of Trademark and Copyright in research and startups. Dr. Patel had briefed about the role played by the Trademark and Copyright. How to manage copyright and how to prevent copyright infringement was also discussed in his session. To understand the process and importance of managing and preventing the trademark and copyright some case studies are also discussed by Dr. Patel with the participants for better understanding.

(Figure 6: Session by Dr. Nisith Patel Timing:01:00pm -02:00pm Day 1(09/04/2021)

Session 4:Mr. Amit Patel (Director, PATechnal IP Law services)

Mr. Amit Patel started the technical session of Day-2 on topic role and process of Patent in research and startups. Mr. Patel shared his experience how the innovations and research can be converted into intellectual property. Mr. Patel explained what the patentable and non patentable inventions in India are. Mr. Patel also explained the process, comparative trends in filing and fees structure and requirement to be submitted for filling process. Mr. Patel also explained some examples and case studies to learn what inventions are patentable and what are non patentable inventions.

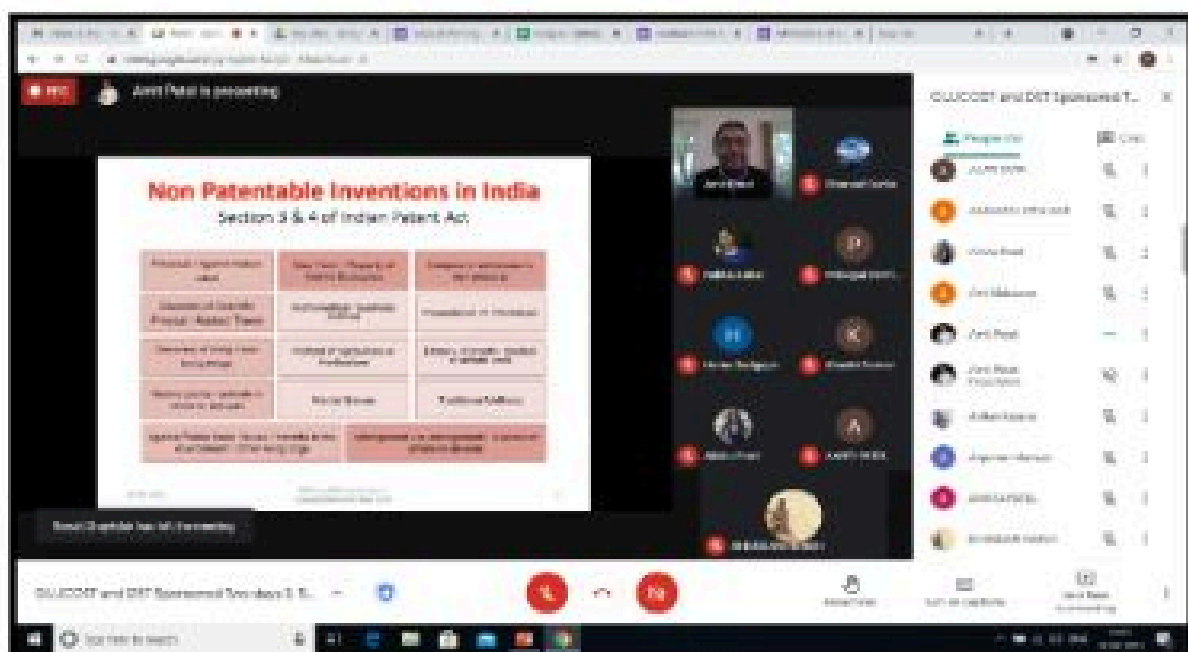

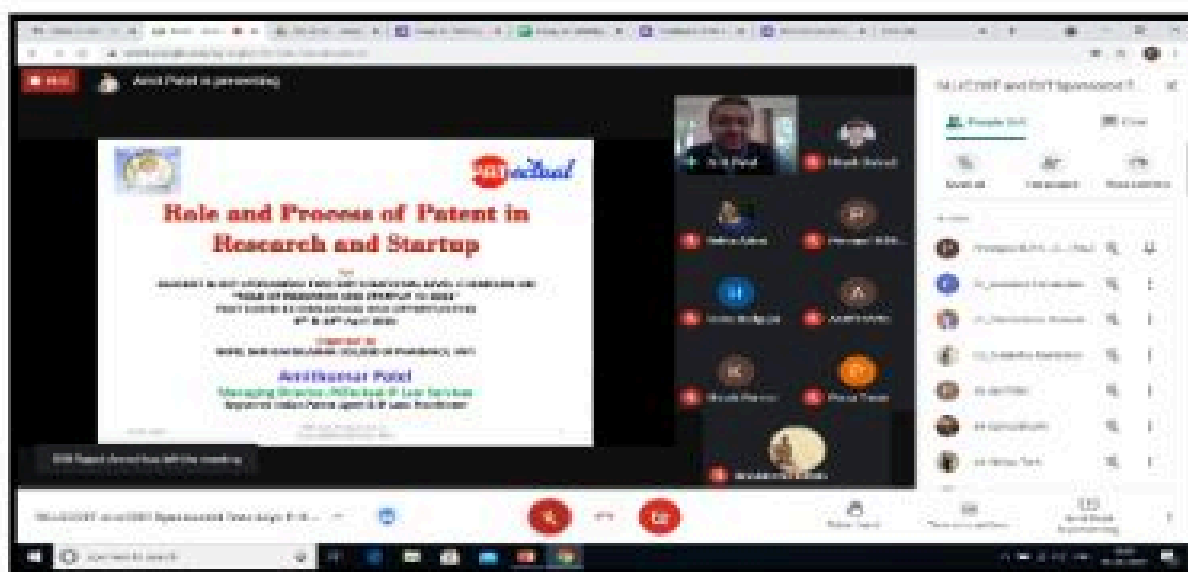

Figure 7: Session by Mr. Amit Patel Timing: 10:00am -11:00am Day 2(10/04/2021)

Session 5: Dr. Nirav Majmudar (Corporate trainer and Business coach)

A session from Dr. Mehul Thakkar was cancel at last moment due to covid-19 situation. Therefore enforced situation last minute Dr. Nirav Majmudar have replaced Dr. Mehul Thakkar. Dr. Nirav who is a professional corporate trainer, has delivered his session on Innovation and Entrepreneurship: Lessons from Elon Musk. Dr. Majmudar shared various skills for being good entrepreneur and had interactive session with the participants. Dr. Majmudar also encourages participants to initiate thing early and started learning various technical and fundamental skills for being a good entrepreneur.

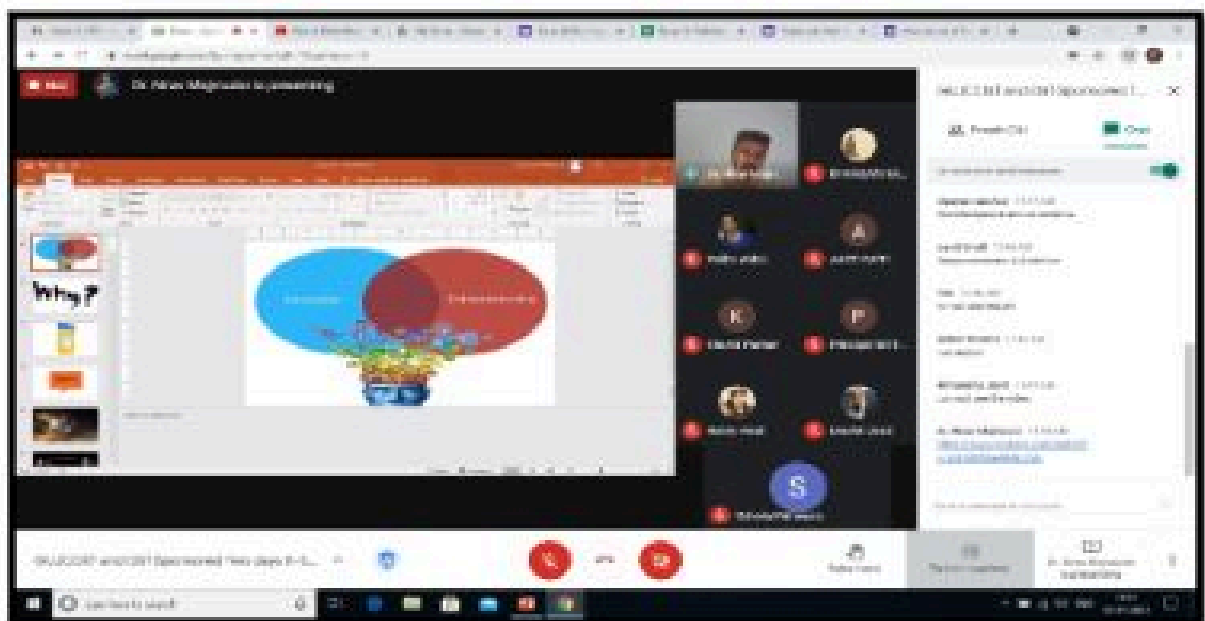

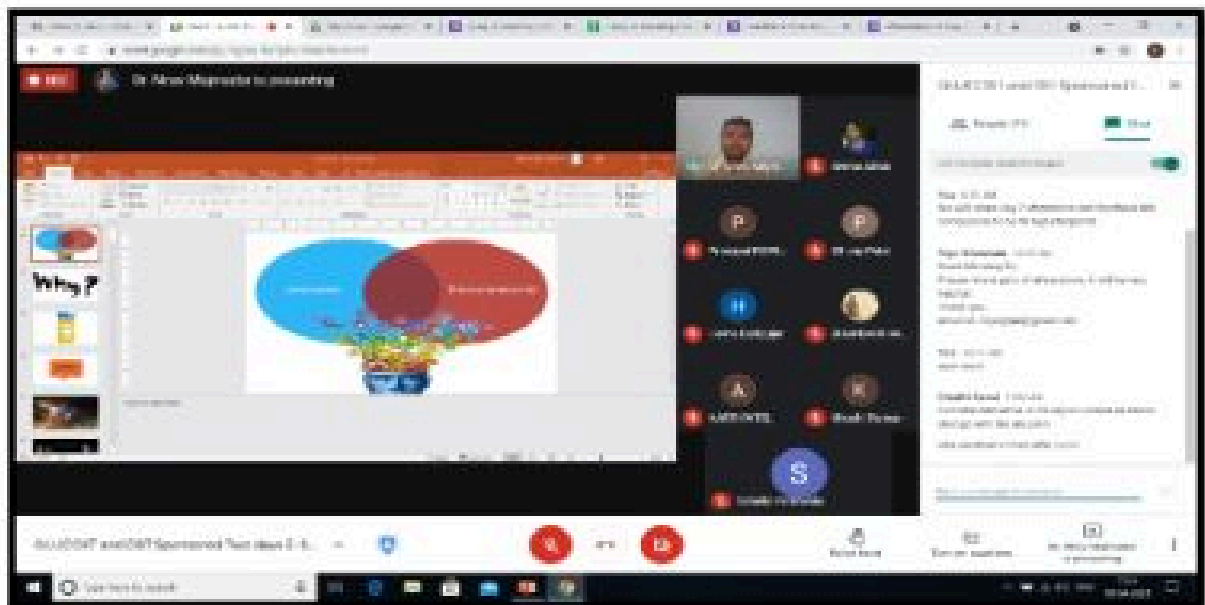

Figure 8: Session by Dr.Nirav Majmudar Timing: 11:00am-12:00pm Day 2(10/04/2021)

Session 6: Dr. Biren Shah (Professor, SNLPCP, Umrakh, Bardoli)

Dr. Shah has started his session on topic Research and Writing skills in education. Dr. Shah has explained some important points like how to analyze the information sources for grammar, for article review, for information retrieval. Dr. Shah has explained some points like importance of engagement, proofreading, revising, spelling, vocabulary, clarity, brevity in research writing. Dr. Shah also explained importance of plagiarism in research writing and steps to overcome the problem.

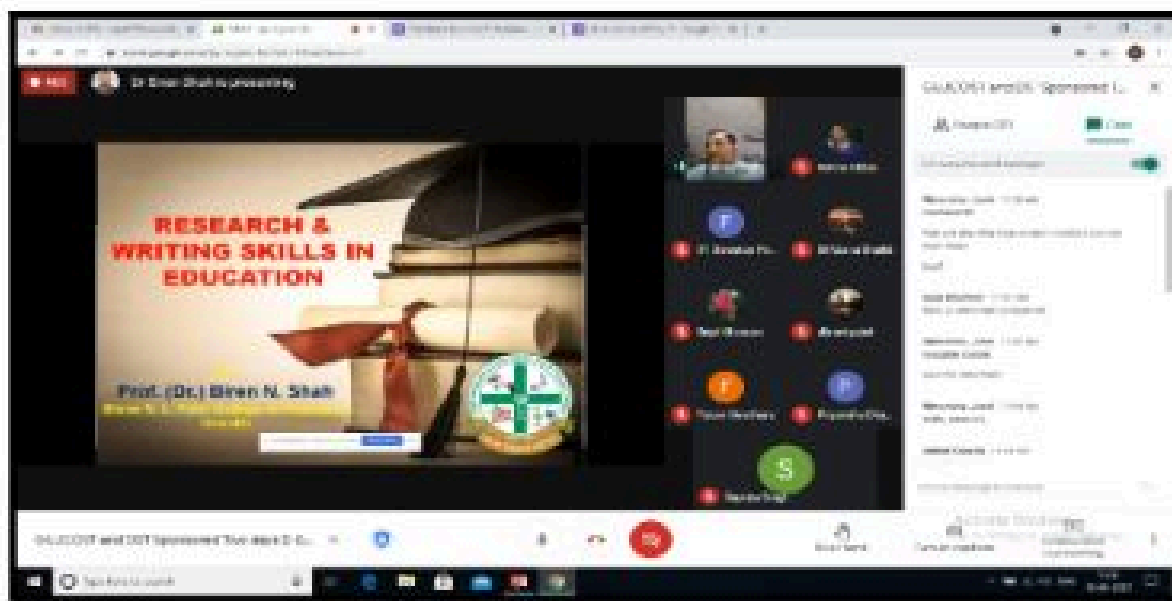

Figure 9: Session by Dr. Biren Shah Timing:01:00pm -02:00pm Day 2(10/04/2021)

Valedictory session: After completion of all the technical session on 10/04/2021 day two of E-seminar the valedictory session was started at 02:00pm onwards. The results of online competitions were declared. More than 40 participants have submitted for online essay and

painting competition. There were final 21 entries submitted before deadline of submission in painting competition. There were 20 entries submitted before deadline of submission in essay competition. Participants have enthusiastically drawn on the theme "Together We can- COVID-19 vaccination program in India". Results are declared at the end of the 2nd day valedictory session. The results are mentioned for above said event is as below.

Table 1: Results of essay competition

RANK	PARTICIPANTS NAME	ORGANIZATION/INSTITUTE
1	BHARTI ABHISHEK	ROFEL SHRI G.M. BILAKHIA COLLEGE OF PHARMACY, VAPI-GUJARAT
2	SULEMAN KHOJA	GANPAT UNIVERSITY, MEHSANA, GUJARAT.
3	PATEL ADITI AND PATRAWALA SOHAILA	BHAGVAN MAHAVIR PHARMACY COLLEGE, SURAT-GUJARAT.

Table 2: Results of painting competition.

RANK	PARTICIPANTS NAME	ORGANIZATION/INSTITUTE
1	BHAVSAR URJA	ROFEL SHRI G.M. BILAKHIA COLLEGE OF PHARMACY, VAPI-GUJARAT
2	JOSHI URVI	ROFEL SHRI G.M. BILAKHIA COLLEGE OF PHARMACY, VAPI-GUJARAT
3	SHWETA SANGHLANI	BHAGVAN MAHAVIR PHARMACY COLLEGE, SURAT-GUJARAT.

Dr. Chirag Desai has expressed sincere thanks to GUICOST for providing financial assistance for organizing E-Seminar. E-Certificates have been issued to the participants after successful completion of E-Seminar. The Participants have expressed their feedback in the virtual platform.

Report on Outreach Program On "COVID 19 Pandemic - Awareness & Understanding" held on 14th Oct 2020

As an activity of NSS Cell, ROFEL Shri G M Bilakhia College of Pharmacy and GUJCOST jointly organize an Outreach Program On "COVID 19 Pandemic - Awareness & Understanding" On 14th October 2020 for South Gujarat students, faculties and teacher. Dr. Manoj Gumber, the invited speaker is a Consultant Nephrologist, Apollo Hospitals International Ltd, Ahmedabad. He spoke through webinar sessions outreach program modules: 1) Living with Corona 2) Mask on, Smile on 3) Home Quarantine Basics and 4) How, Where, What- Questionnaire.

He delivered the lecture to 309 participants of different college of South Gujarat; have to living with corona and wearing mask proper way to avoid transmission of COVID 2019. He also explained basic of home quarantine.

PROCEEDING REPORT

One Day GUJCOST sponsored National Seminar was organized by ROFEL Shri G.M. Bilakhia College of Pharmacy, Vapi. The theme of the workshop was "**Current Scenario and Scope of Drug Regulatory Affairs in Pharma Industry**". This Seminar was organized for the purpose of sharing the regulatory guidelines prevailing in pharma industry. A total number of 112 delegates participated in this seminar. The program schedule was as follows:

PROGRAM SCHEDULE:

DATE: 18 th January 2020 (Saturday)		
TIME	TOPIC	SPEAKER
0830 to 0915	REGISTRATION AND BREAKFAST	
0915 to 1000	INAUGURATION	
1000 to 1115	Session-1: An Overview of Drug Approval Processes: IND & NDA	Mr. Pragnesh Donga Scientist - Quality Assurance & Regulatory Affairs, Zydus Research Centre (Cadila Healthcare Ltd.) Ahmedabad
1115 to 1230	Session -2: Industrial Prospects of Drug Regulatory Affairs	Mr. Vijay Satapara CEO, Isazi Pharma and Techno Consultancy Pvt. Ltd. Vadodara
1230 to 1330	LUNCH	
1330 to 1430	Poster Presentation	
1430 to 1545	Session -3: Pharmaceutical prospects of dossier preparation	Ms. Bhumika Nayak, Assistant General Manager, Alembic Pharmaceuticals Pvt. Ltd., Vadodara
1545 to 1630	Certificate & Prize Distribution, Valedictory function	

**PROCEEDING REPORT OF SEMINAR
DATE: 18TH January 2020**

Registration of Delegates for Seminar (8.30 am to 9.15 am):

Inauguration Ceremony (9.15 am to 10.00 am)

The inauguration ceremony commenced with Saraswati Vandana by students, followed by lamp lighting by all dignitaries present. As a part of tradition of Gujarat Technological University and being proudly affiliated with it, GTU Song was played. Floral welcome was given to all dignitaries and invited guests. Dignitaries present during the Inaugural function were:

- Dr. Abhay Deshpande, CEO- Global, Jai Research Foundation, Valvada
- Rtn. Bharat Patel, Trustee, ROFEL Trust
- Rtn. Praful Dewani, Trustee, ROFEL Trust
- Rtn. Dr. R.J. Singh, President, Rotary Club of Vapi
- Mr. Pragnesh Donga, Scientist - Quality Assurance & Regulatory Affairs, Zydus Research Centre
- Dr. Arindam Paul, Principal, ROFEL Shri G.M. Bilakhia College of Pharmacy, Vapi

Welcome address was given by **Dr. Arindam Paul**, Principal of college. He expressed his immense pleasure for the presence of delegates in commendable numbers. **Rtn. Bharat Patel, Trustee-ROFEL Trust** gave best wishes to the delegates of seminar and emphasized with his experiences, the importance and relevance of topics included in seminar for the students of pharmacy and society. **Dr. Komal Parmar**, Associate Professor and Coordinator of seminar briefed on the purpose of seminar. **Mr. Mittal Dalal**, Associate Professor gave brief introduction of the **Dr. Abhay Deshpande**, Chief Guest and Keynote speaker of the seminar.

Dr. Abhay Deshpande, CEO, JRF Global, Vapi during his keynote address, briefed with a powerpoint presentation on the following points:

- a) What is the role of regulatory guidelines in pharma industry
- b) What are key guidelines to be followed
- c) Scope of regulatory affairs etc.

The inaugural session ended with vote of thanks by Mr. Mittal Dalal followed by national anthem. Technical session started after a break of 10 mins.

CEO, JRF Global, Velvada

Memento presented to Chief Guest, Dr. Abhay Deshpande
By Trustee of ROFEL Trust Rtn. Bharat Patel

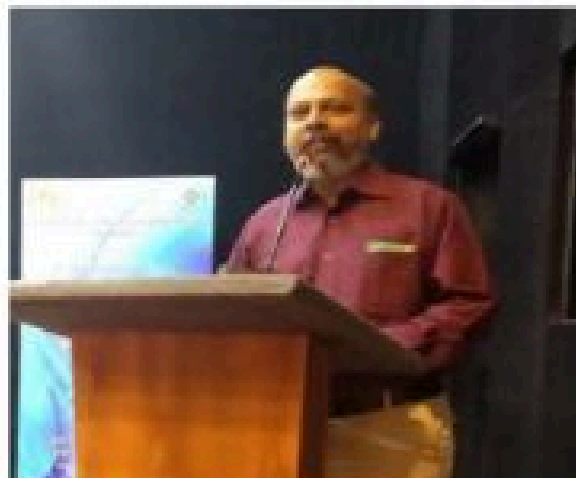

Floral Welcome of Chief Guest, Dr. Abhay Deshpande
By Dr. Arindam Paul, Principal & Professor

Vision of ROFEL Trust by Rtn. Bharat Patel,
Trustee-ROFEL Trust

Dr. Komal Panwar, Associate Professor &
Coordinator of Seminar

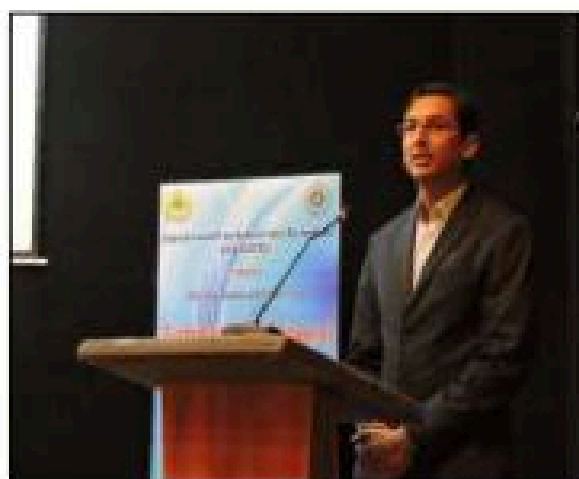

Mr. Mittal Daboi, Associate Professor &
MOC of Inaugural function

Technical Sessions of Seminar

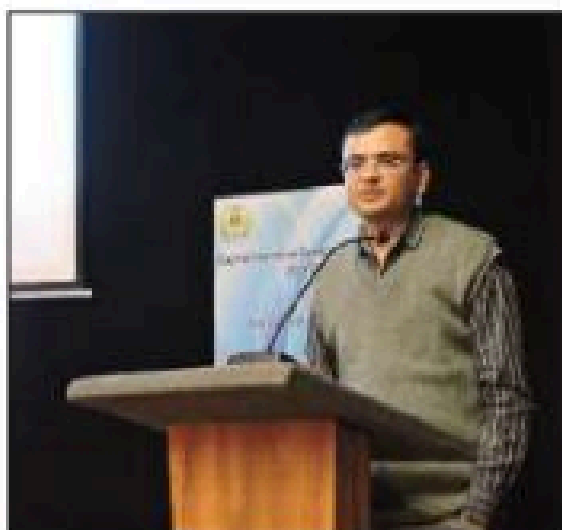

Technical Session 1:

Talk on "An Overview of Drug Approval Processes: IND & NDA" was given by **Mr. Pragnesh Donga**, Scientist - Quality Assurance & Regulatory Affairs, Zydus Research Centre (Cadila Healthcare Ltd.) Ahmedabad. He explained drug approval process with minute details. Investigational New Drug Application (IND) and New Drug Application (NDA) in drug approval process was also explained in minute detail. Starting from basics of drug approval process, he covered detail requirements for IND and NDA approval process. He also briefed on electronic submission process thoroughly.

Technical Session 2:

Mr. Vijay Satapara delivered a talk on "Industrial Prospects of Drug Regulatory Affairs". The main focus was on dossier preparation. His talk was on various detailed aspects of common technical document. He illustrated the submission of dossier by eCTD by graphical illustrations of the software. Most delegates participated in the question answer session at the end of the talk. Dr. Arindam Paul, Principal and Professor felicitated Mr. Vijay Satapara with a memento and a certificate.

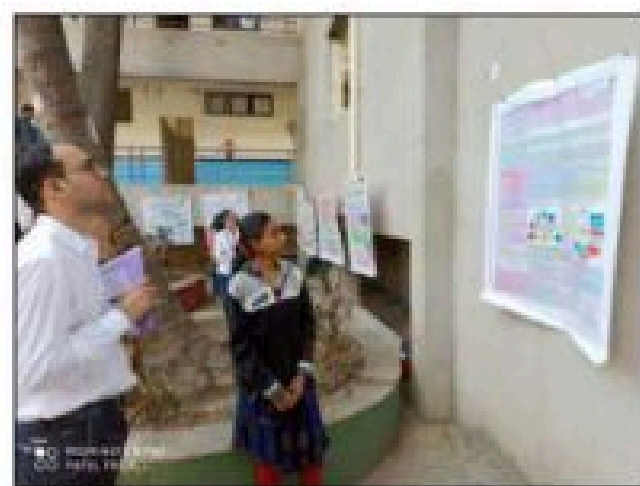

Lunch Time:

POSTER PRESENTATION SESSION

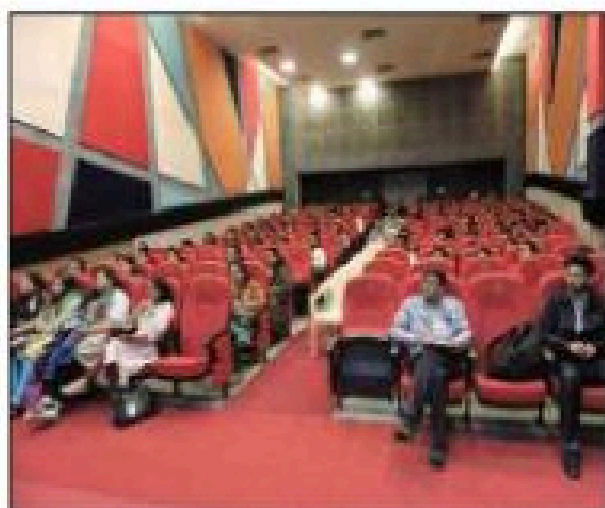

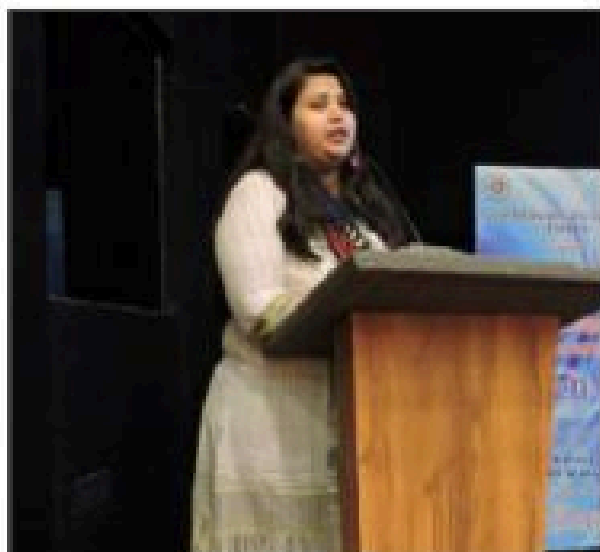

Post lunch poster presentation session was organised for the delegates. A total of 15 delegates presented their poster prepared on various topics of pharmacy. **Dr. Ashok Akbari**, Associate Professor, Shree Naranjibhai Lalbhai Patel College of Pharmacy, Umrakh judged the posters. Students actively answered the questions raised by the judge.

Technical Session 3:

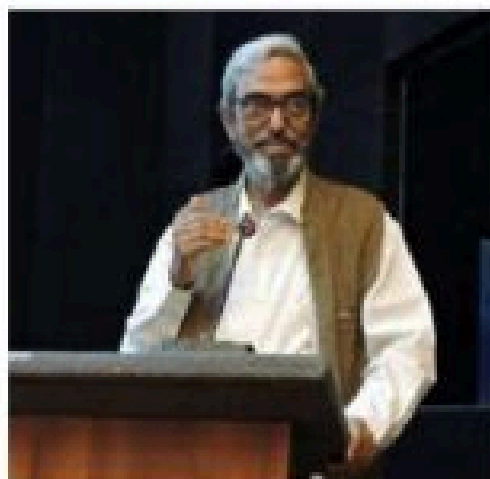

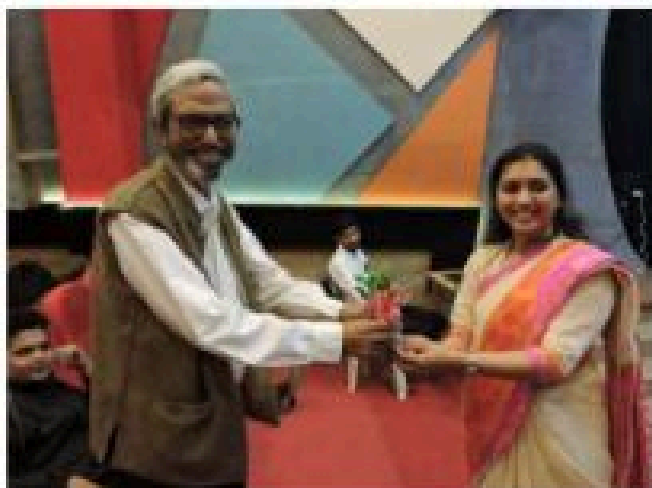

A talk on "Pharmaceutical prospects of dossier preparation" was delivered by **Ms. Bhumika Nayak**, Assistant General Manager, Alembic Pharmaceuticals Pvt. Ltd. Vadodara. She covered the dossier preparation and submission process. She emphasized types of common technical documents to be applied in different countries.

She focused on registration and management of dossier. Content of dossier was discussed in detail. Overall lecture was quite informative and presented detailed description about dossier preparation and submission in pharma industry. At the end of talk, Dr. Hitesh Dalvadi, Associate Professor felicitated Ms. Bhumika Nayak) with a memento and certificate.

Valedictory Session:

Floral welcome of Rtn. Subhash Panchal, Trustee of ROFEL Trust was given by Dr. Komal Parmar, Associate Professor. He wished more such seminars should be organised by the college for the benefit of students and teachers. He also congratulated the organising team of college for successfully organising the Seminar.

Welcome of Rtn. Subhash Panchal, Trustee of ROFEL Trust
Rtn. Subhash Panchal, Trustee of ROFEL Trust
addressing the audience during Valedictory function

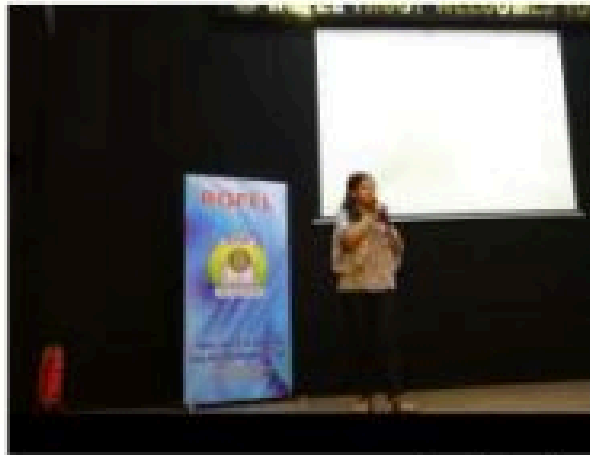

Certificate Distribution:

Rtn. Subhash Panchal, Trustee of ROFEL Trust distributed the certificate, memento and
prize of Cash 1000/- to 1st (Mr. Rajesh Mourya) and 500/- to 2nd (Ms. Zaidi Desai) winner of poster presentation.

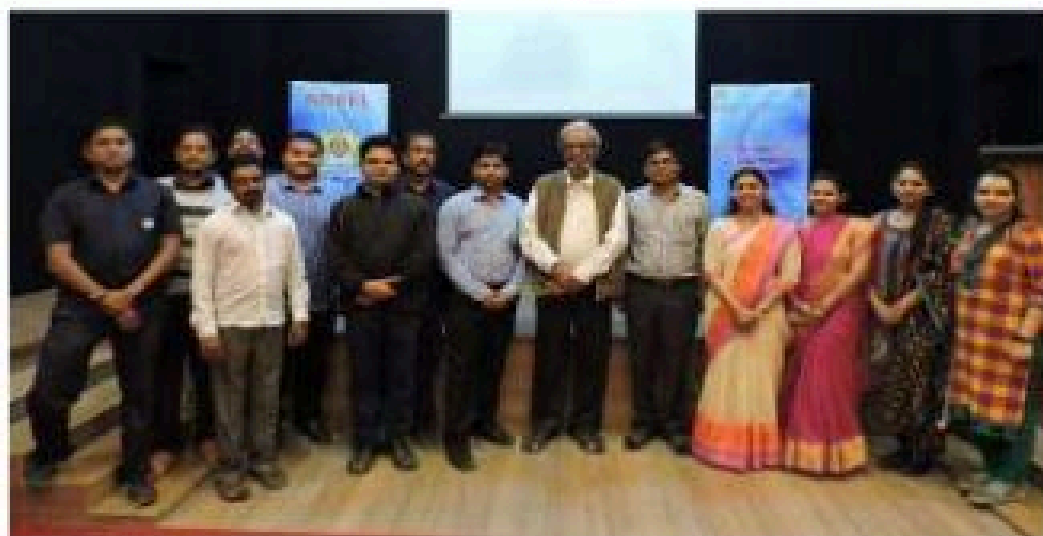

Felicitaton of Coordinator of Seminar; Dr. Komal Parmar and to Co-Coordinator; Dr. Hitesh Dalwad
By Rtn. Subhash Panchal, Trustee of ROFEL Trust

Floral Welcome of Chief Guest, Dr. S. Rajesh Sundar By Dr. Arindam Paul, Principal & Professor

Keynote address by Chief Guest, Dr. S. Rajesh Sundar Vice President, Zydus Research Centre (Cardio Healthcare) Ahmedabad

Technical Sessions of Seminar

Technical Session 1:

Talk on "Current requirements and challenges in regulatory toxicology" was given by Dr. S. Rajesh Sundar, Vice President, Zydus Research Centre (Cadila Healthcare), Ahmedabad. He gave an detailed lecture on product specific regulatory requirements for toxicological studies. Macro ideas & minute details of toxicological studies to be carried out during New Chemical Entity (NCE) development was explained well.

Starting from basic understanding of toxicology, he covered different topics like, off target profiling, role of ADME information in toxicology & exploratory toxicology. He also thoroughly explained regulatory requirements for toxicology in India, USFDA, EMA, OECD & ICH alongwith toxicological requirements for excipients, medical devices & genetic toxicology.

Dr. Sundar focused on practical approaches and observations to be carried out during toxicological experiments. The concept of NOEL, LOEL, LOAEL & FEL was explained alongwith clinical and biochemical markers. At the end of talk, Dr. Arindam Paul, Principal of college felicitated Dr. S. Rajesh Sundar with a memento and certificate.

Technical Session 2:

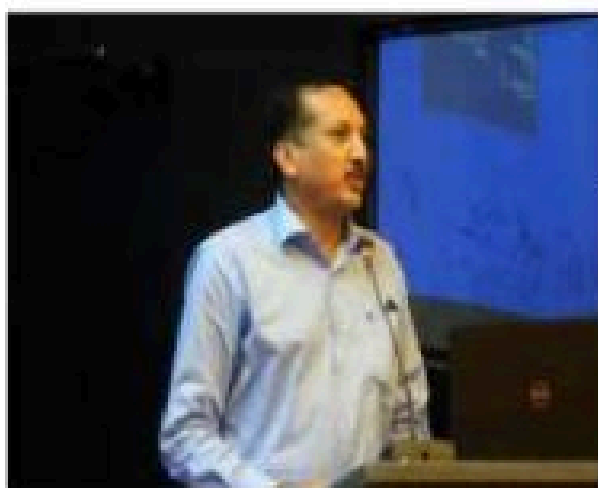

Mr. Vishwanath Pawar delivered a talk on "safety pharmacological evaluation of NMEs: Core battery and new initiatives. The main focus was on safety pharmacology. His talk was on various detailed aspects of safety pharmacology such as its importance and purpose and how it is important in relation to toxicology? The safety guidelines was described under various sections of ICH were covered and explained in detail especially ICH-S7A guidelines with described core battery studies, core battery parameters and measurement techniques involving effects on major body systems (i.e., CNS, CVS and Respiratory system).

Description was given of general considerations for selection and design of safety studies with considerations of test systems like pharmacodynamic responsiveness of model, pharmacokinetic

and other parameters of drugs/test substances, animal studies, ex-vivo and in-vitro systems with its inclusion of various studies (i.e., isolated organs, cell culture, receptors etc.).

He also focused on GLP requirements for safety pharmacology to be done in accordance with OECD GLP principles. Also covered ICH- S7A & ICH- E14 guidelines in which following points were discussed (a) non-clinical testing strategy for assessing the potentials of test substance to delay ventricular repolarisation. (b) In-vitro I_h assay and in-vivo QT assay (involvement of electrophysiology toxicity study), (c) HERG safety margin for low risk of pro-arrhythmia.

The brief explanation on CIPA (Comprehensive in-vitro pro-arrhythmia assay) and MICE (multiple ion channel evaluation) was given by him. Another safe mechanism/ study system explained was "in-silico mechanistic computational modelling", with its advantage over clinical studies and in-vitro studies which contained risk in human stem cells and on electrophysiology. Interpretation of ECG with illustrative examples was also shown and explained. At the end of talk, Dr. Ankit Meral, Associate Professor felicitated Mr. Vishwanath Pawar with a memento and certificate.

Lunch Time:

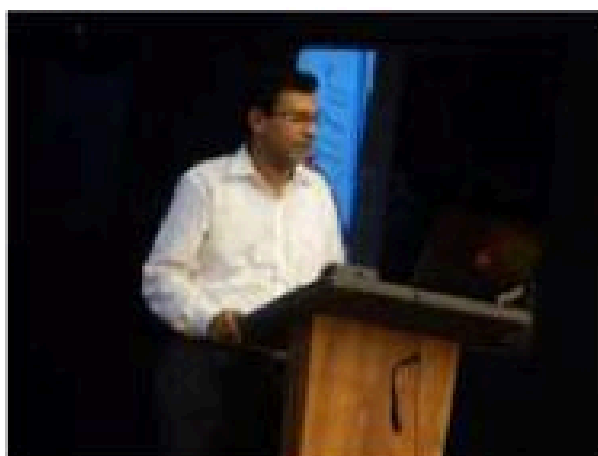

Lunch Time:

Technical Session 3:

A talk on "Genotoxic impurities in pharmaceutical drugs" was delivered by Dr. Ravi Yadav, Sr. Manager, Analytical Development Lab, Cipla Ltd., Mumbai. He covered the whole ICH guideline with special emphasis in impurity guidelines Q3-A to D. Impact of genotoxic impurities was explained in very nice manner alongwith case studies such as "How sometimes normal excipient can be converted into genotoxic impurity and hence being the reason for BATCH RECALL. He also covered the various guidelines that are followed throughout the world for impurity testing. He emphasized and experienced that UK guidelines specify each perspective for impurity profiling in a very specific manner.

He mainly focused on the specific and sensitive analytical techniques such as HPLC, GC, LCMS, GCMS, ion chromatography along with their LOQ levels that are used for impurities profiling. Importance of sensitive methods in case of impurity profiling was covered in very much detail along with CASE STUDY & USP limits. Overall lecture was quite informative and presented detailed description about appropriate preformulation study as well as importance of developing sensitive and specific analytical methods to prevent future threats and financial loss in pharmaceutical industries. At the end of talk, Mr. Tularam Barot, Assistant Professor felicitated Dr. Ravi Yadav with a memento and certificate.

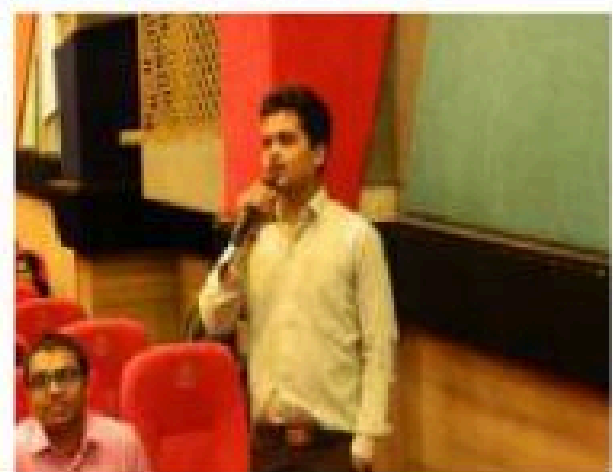

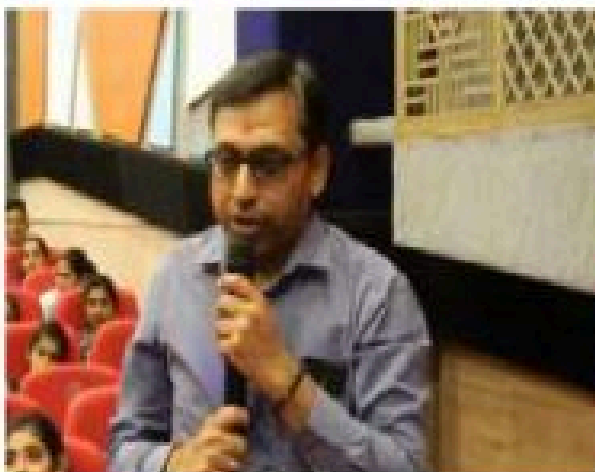

Technical Session 4:

Lecture on "Toxicological manifestations due to polypharmacy secondary to multiple consultations" was delivered by Dr. Sunil Deshpande, a famous and experienced dermatologist among Valsad District. He discussed all his experiences with us in form of pictorial representations, along with prescriptions. He insisted for a joint effort of physicians and pharmacists together for better treatment of patients and to prevent side effects or drug-drug interactions.

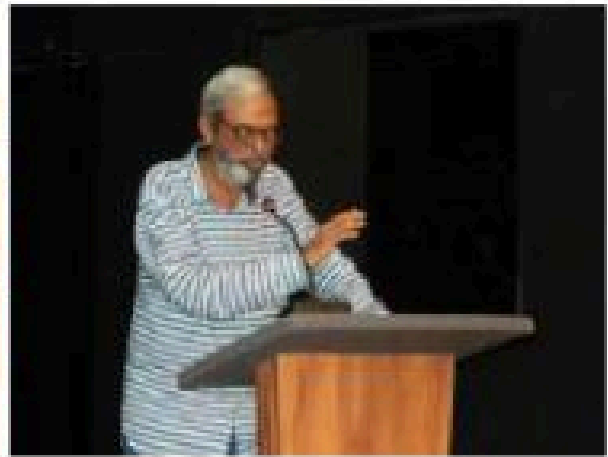

He discussed on how the polypharmacy due to multiple consultations are hazardous. It is not only hazardous but sometimes lethal. He advised to keep personal medical history file in very concise form to prevent from such serious side effects as well as to prevent allergic conditions. Drug-drug interactions are mainly seen on the surface of body and that is why it is misinterpreted as skin infections. So, he also explained various risk factors behind self medication based on previous historical data.

He discussed ideal ways to write the prescription and also about the seriousness about the polypharmacy. Lastly, one nice initiative taken by him was "SHOULD I DEPRESCRIBE?" and motivate pharmacists to startup such campaign combined with doctors for the betterment of society. At the end of talk, Dr. Hitesh Dalvadi, Associate Professor felicitated Dr. Sunil Deshpande with a memento and certificate.

Valedictory Session:

Floral welcome of Rtn. Subhas Panchal, Trustee of ROFEL Trust was given by Mrs. Megha Shah, Assistant Professor. He wished more such seminars should be organised by the college for the benefit of students and teachers. He also congratulated the team of college for successfully organising the Seminar.

Certificate Distribution:

Rtn. Subhas Panchal, Trustee of ROFEL Trust distributed the certificate to delegates.

As a token of appreciation a small gift was given to students who volunteered this Seminar by Mr. Jitendra Badjatya, Manager Drug Regulatory Affairs, Umedica Laboratories Pvt. Ltd.

Felicitation of Dr. Ankit Mehta, Associate Professor & Coordinator of GUJCOST Sponsored Seminar by Rtn. Subhoosh Panchal, Trustee-ROFEL Trust

Vote of Thanks by Mr. MITAL Dalal, Associate Professor

PROCEEDING REPORT OF SEMINAR DATE: 19TH January 2019

One Day GUJCOST sponsored National Seminar was organized by ROFEL Shri G.M. Bilakhia College of Pharmacy, Vapi. The theme of the workshop was **“Learning Outcomes Based Pharmacy Education and its Applications**. This Seminar was organized to understand the basic concepts underlying the Outcome Based Education (OBE) and to expose the use of alternative/ active learning processes. For maximizing the benefits, certain OBE principles have to be adhered while designing the curriculum, new ways of teaching should be implemented in the classroom and outside, active learning exercises must be designed and successfully implemented. Assessment in OBE is checking whether the outcomes written at the starting of the semester have been realised or not, if realised, then, to what extent. To do that, what are the methods faculty should use inside and outside the classroom is an area for discussion. Setting active learning exercise to realize an outcome where students will do and learn rather than listen and learn is extremely important for outcome realisation. A total number of 120 delegates participated in this seminar. The program schedule was as follows:

PROGRAM SCHEDULE:

DATE: 9 TH February 2019 (Saturday)		
TIME	TOPIC	EXPERT
0800 – 0900	REGISTRATION AND BREAKFAST	
0900 – 1000	INAUGURAL FUNCTION	
1000 – 1100	Session 1: Introduction to Outcome-Based Quality Education; Teaching learning-setting questions, assignments for OBE.	Mr. Bijoy Kumar Panda Assistant Professor, Poona College of Pharmacy, Bharati Vidyapeeth (Deemed to be University), Pune
1100 – 1200	Session 2: Curriculum Planning and Mapping Outcomes	Mr. Dattatraya. M. Shinkar Assistant Professor, Sandip Foundation's Sandip Institute of Pharmaceutical Sciences, Nashik
1200 – 1300	LUNCH	
1300 – 1400	Session 3: Approaches to Attain Graduate Attributes	Dr. Atmaram Pawar Professor & Vice-Principal, Poona College of Pharmacy, Bharati Vidyapeeth (Deemed to be University), Pune
1400 - 1500	Session 4: Knowledge, Skills and Attitude requirement in Industry"	Mr. Aniruddh A. Panchal Head - HR, Huber Group, Vapi
1500 – 1530	PANEL DISCUSSION WITH EXPERTS	
1530 – 1600	VALEDICTORY FUNCTION AND DISTRIBUTION OF CERTIFICATES	

Registration of Delegates for Seminar (8.00 am to 9.00 am):

Breakfast for Delegates (8.00 to 9.00 am)

Auditorium the Venue of Seminar:

Inauguration Ceremony (9.00 am to 10.00 am)

The inauguration ceremony commenced with Saraswati Vandana, followed by lamp lighting by all dignitaries present. As a part of tradition of Gujarat Technological University and being proudly affiliated with it, GTU Song was played. Floral welcome was given to all dignitaries and invited guests. Welcome address was given by Mr. Mittal Dalal, the MOC of Inaugural function, **Dr. Arindam Paul**, Principal of college briefed on the purpose of Seminar and expressed his immense pleasure for the presence of delegates from various colleges. **Rtn. Ketan Patel**, President Rotary Club of Vapi gave best wishes for the success of the seminar. **Rtn. Bharat Patel**, Trustee of ROFEL trust addressed audience on vision of ROFEL Trust and the journey of ROFEL Trust and on the purpose it was incepted.

Mr. Amit Mehta, CEO & Director, MAA Foundation, Vapi was invited as Keynote speaker and Chief Guest of inaugural function. He briefed about the various work being done by the MAA Foundation for upliftment of school and college education across districts of Valsad. He briefed about the history of the OBE and how it is important for the growth and employment of graduates passing out from colleges.

Mr. Ashok Thakkar, Head- Clinical Research and Medical Writing, Meril Life Sciences Pvt. Ltd., Vapi was the Guest of Honour. He briefed on the importance of industry- academic interaction and asked teachers to be more verse with the latest technologies and fast changing regulations so that it can be taught to the students. He said that that there is a gap between what is being taught to the undergraduates and what is being required in the industry. Therefore, he suggested, not to

limit yourself to the curriculum being prescribed by the University. Instead the students should be made versed with the latest happenings and the changing technologies in the industry.

The other invited guests and experts present during inaugural function were: **Dr. Atmaram Pawar**, Professor and Vice-Principal of Poona College of Pharmacy, Bharati Vidyapeeth, Pune, **Mr. Bijoy Kumar Panda**, Assistant Professor, Poona College of Pharmacy, Bharati Vidyapeeth, Pune, **Dr. Kedar Shukla**, Director of GIDC Rajju Shroff ROFEL Institute of Management Studies, Vapi, **Dr. Vinit Jain**, Principal, Bhagwan Mahavir College of Pharmacy, Surat; **Dr. Priyakant Ved**, Principal of GIDC Rajju Shroff ROFEL Institute of Management Studies (BBA Programme), Vapi.

Lamp Lighting ceremony:

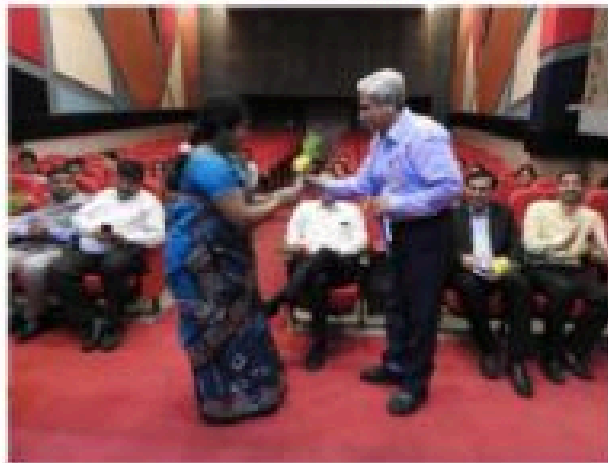

Floral welcome of Guests & Resource Persons:

Mr. Amit Mehta by Dr. Arindam Paul

Dr. Ashok Thakkar by Mr. Ashish Chamat

Mrs. Bharat Patel by Mrs. Rupa Sengupta

Mr. Ketan Patel by Dr. Komal Parmar

Mrs. Mahendra Ghavate by Mrs. Madhuri Hinge

Mr. Gajoy Kumar Pandya by Dr. Ankit Mehal

Floral welcome of Guests & Resource Persons:

Dr. Atmarani Pawar by Dr. Komal Fenmar

Dr. Kodar Shukla by Ms. Shabnam Khan

Mr. Dattatraya Shinkar by Mr. Talarom Barot

Dr. Priyanka Vaid by Mrs. Priyadarshini Patel

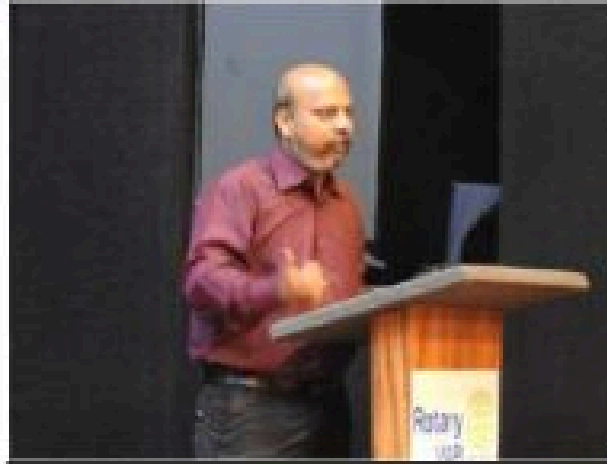

Mr. Aniruddha Panchal by Mrs. Rupa Sengupta

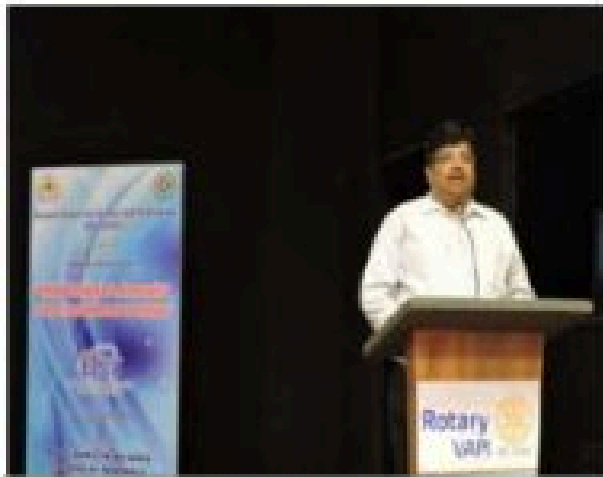

Dr. Vinit Jain by Mrs. Megha Shah

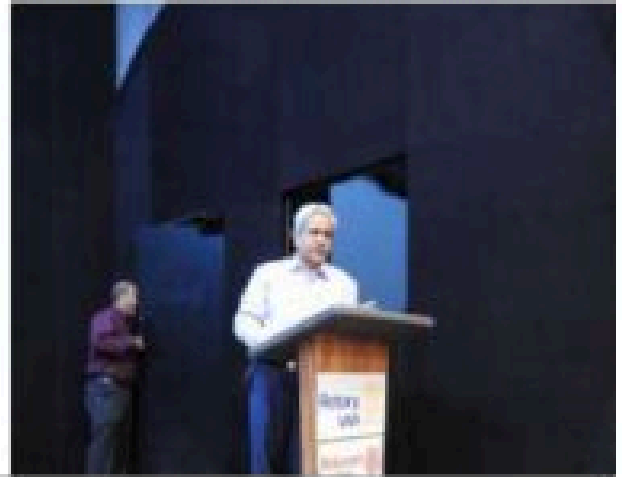

Glimpses of Inaugural function

Welcome address by Mr. Mittal Dval

Purpose of Seminar by Dr. Anindam Fekil (Principal)

Vision of ROFEL Trust by Rtn. Bharat Patel (Trustee of ROFEL Trust)

Best Wishes by Rtn. Ketan Patel (President, Rotary Club of Vap)

Dr. Ashok Thakkar (Head, Clinical Research & Medical Writing,
Meril Life Sciences Pvt. Ltd., Vapi)

Glimpses of Inaugural function

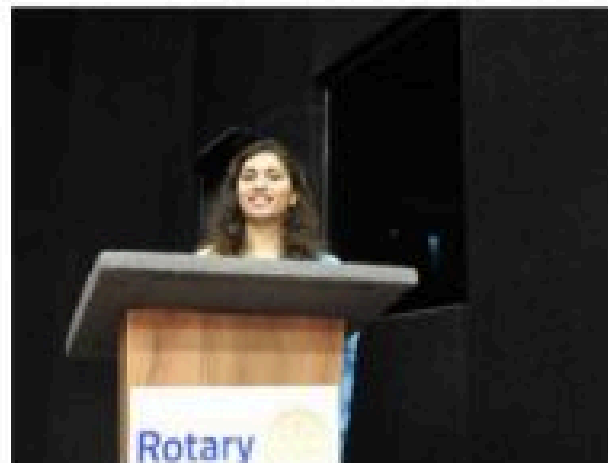

Felicitaton of Dr. Ashok Thakkar by Dr. Nilesh Dalwadi with a Memento as a token of remembrance

Keynote Address by Mr. Amit Mehta, CEO, MAA Foundation, Vapi

Felicitaton of Mr. Amit Mehta, Chief Guest of Function with a memento by Rtn. Bharat Patil as a token of remembrance

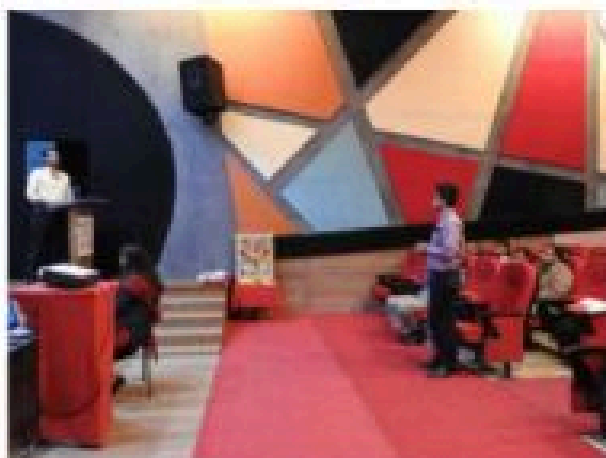

Vote of thanks by Dr. Komal Parmar

Technical Sessions of Seminar

After a break of 5 mins, during Technical Sessions Dr. Komal Parmar took over as MOC from Mr. Mittal Dalal and briefed again the schedule of Seminar and introduced each speaker of the Seminar with their brief resume.

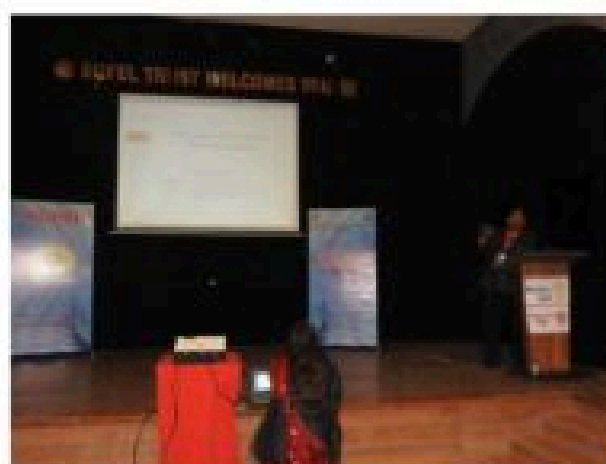

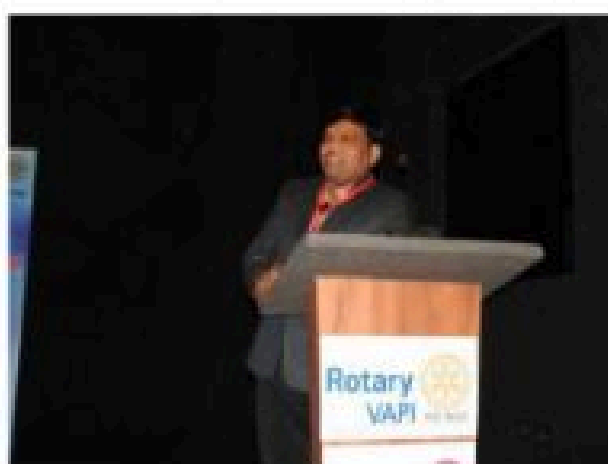

Session 1:

Mr. Bijoy Kumar Panda started the Technical Session with title of the lecture "Introduction to outcome- Based Quality Education; teaching learning-setting questions, assignments for OBE". He described Blooms taxonomy and detailed on its application to measurable form and defining learning objectives. Measurable outcome is the key factor for application in further accreditation process. He explained how the quality of education can be improved through implementation of OBE, active learning and latest pedagogies of learning. With the help of case study, explained how questions should be designed to test various learning objectives as determined according to Bloom's taxonomy. After questions and answer session, Mr. Tularam Barot, Assistant Professor felicitated Mr. Bijoy Kumar Panda with a memento and certificate.

Session 2:

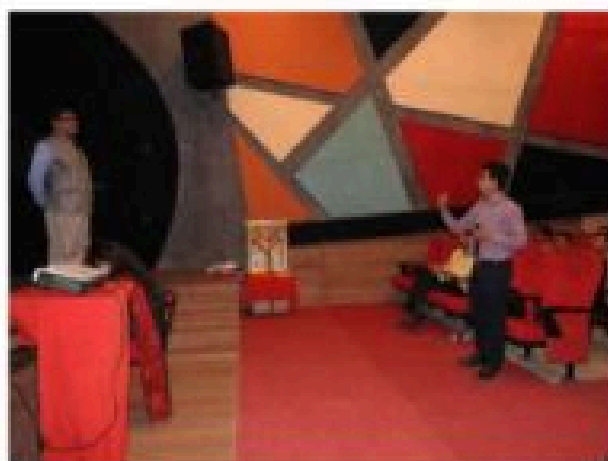

Mr. Dattatraya M. Shinkar took over the next session. The title of the lecture was "**Curriculum Planning and Mapping Outcomes**". He first described various terminologies, its importance and then described it in detail: such as Course Outcomes (CO); Program Outcomes (PO); Program Educational Objectives (PEO); and Program Specific Outcomes (PSO). HE explained how CO-PO mapping is done-its justification, various level of attainment-its definition, how it is assigned? and how it is measured with illustrative examples. Later he explained, various direct and indirect methods of program outcome calculations with illustrative examples. Mr Mittal Dalal, Associate Professor felicitated Mr. Dattatraya M. Shinkar with a memento and certificate

After Session 2 there was a lunch break for an hour and all delegates assembled back to the auditorium at 1.00 pm

Session 3:

Dr. Atmaram Pawar delivered talk on title "Attainment of graduate outcomes. He shared his experience on objective of teaching, student performance and learning outcomes. Briefed on interactive learning, developing thinking ability among students, how to involve the learner with case studies. Described various aspects of graduate or program outcomes with illustrative examples such as pharmacy knowledge, thinking ability, planning ability, leadership skills, professional identity, pharmacist and society, environment and sustainability, professional ethics, professional communication, modern tools usage and life-long learning. At the end of questions and answer session, Dr. Arindam Paul, principal of institute felicitated Mr. Dattatraya M. Shinkar with a memento and certificate.

Session 4:

Mr. Aniruddha Panchal delivered talk on title "Knowledge, Skills and Attitude requirement in Industry". With illustrative examples of ISO Quality System requirements, he explained in general the competence, training and awareness required in personnel employed in industry. Explained the difference between "Job and Role" of employee. He also stressed upon the importance of institute- industry interaction relationship and briefed how the right skills and attitude in students can be developed for better placement in industry.

Valedictory Session:

After the technical session is over, live feedback was taken by delegates. They expressed their thoughts on the seminar and insisted that such seminar should be organised by the college for the benefit of teachers. The delegates expressed that such seminar is being useful for improving the quality education which will lead to accreditation of programmes. The certificates of participation to the delegates was given away by Mr. Anniruddha Panchal. Vote of thanks was given by Dr. Komal Parmar and the Seminar ended successfully.

Inauguration Ceremony (10.00 am to 11.00 am)

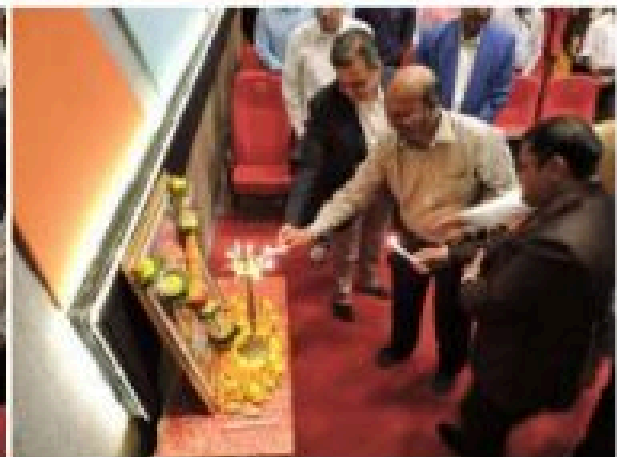

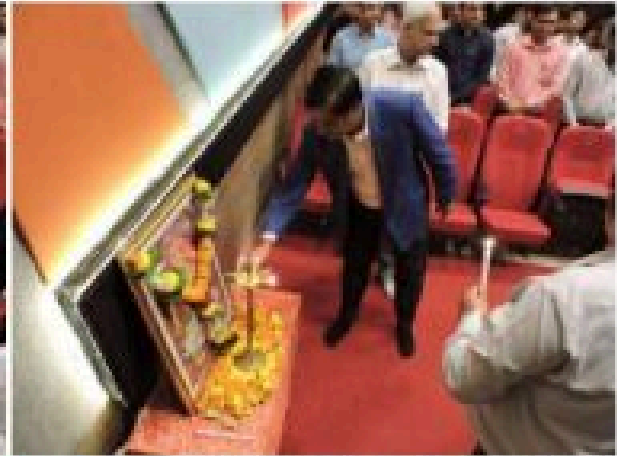

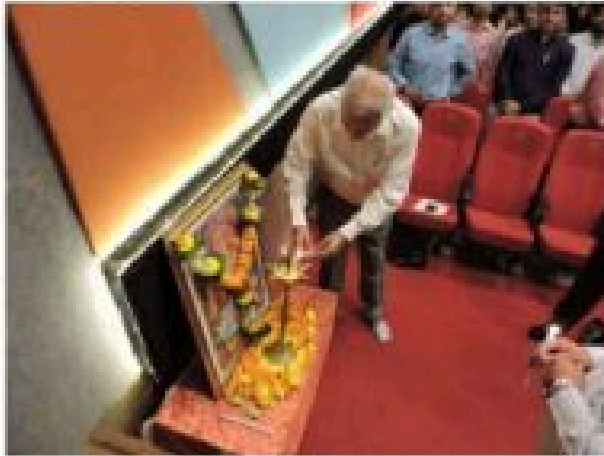

The inauguration ceremony commenced with Saraswati Vandana by students, followed by lamp lighting by all dignitaries present. As a part of tradition of Gujarat Technological University and being proudly affiliated with it, GTU Song was played. Floral welcome was given to all dignitaries and invited guests.

Welcome address was given by **Dr. Arindam Paul**, Principal of college. He addressed on the purpose of seminar and expressed his immense pleasure for the presence of delegates in commendable numbers. **Rtn. Ketan Patel**, President Rotary Club of Vapi was unable to attend the inauguration function, though addressed the audience with an audio message and provided his best wishes. **Rtn. Ashis Roy**, Secretary-Trustee of ROFEL trust addressed audience on vision of ROFEL Trust.

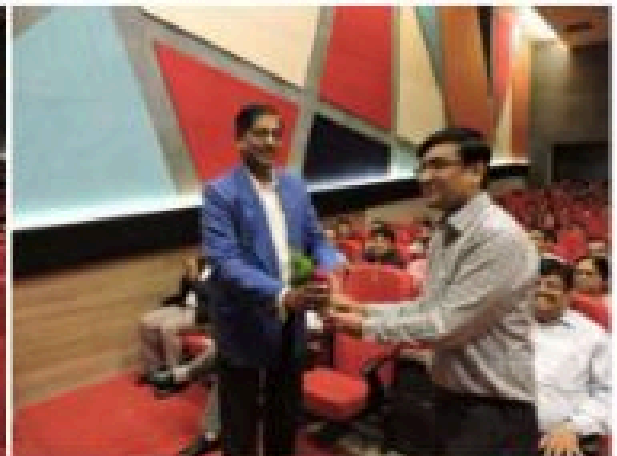

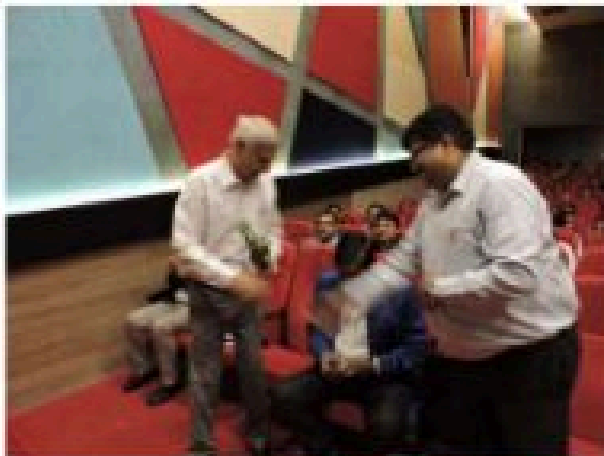

Mr. Rajneesh Anand, CEO & Director, Richter Themis Medicare Pvt. Ltd. Vapi was invited as Keynote speaker and Chief Guest of inaugural function. He briefed about the emerging technologies in the field pharmacy which is going to change the way currently the medicines are manufactured and hence the healthcare.

The other invited guests and experts present during inaugural function were: **Dr. Kedar Shukla**, Director of GIDC Rajju Shroff ROFEL Institute of Management Studies, Vapi, **Mr. Hemal Nayak**, Assistant Professor- GTU and **Mr. Raj Hakani**, Assistant Professor- GTU.

Lamp Lighting ceremony:

Rtn. Ashis Roy (right) giving away memento to Mr. Rajneesh Anand (left)

Rtn. Ashis Roy felicitated Mr. Rajneesh Anand with a memento as a token of remembrance. Later, Technical sessions was conducted by eminent speakers with a break of 5 mins.

During Technical Sessions Dr. Komal Parmar took over as MOC from Mr. Mittal Dalal and briefed again the schedule of Seminar and introduced each speaker of the Seminar with their brief resume.

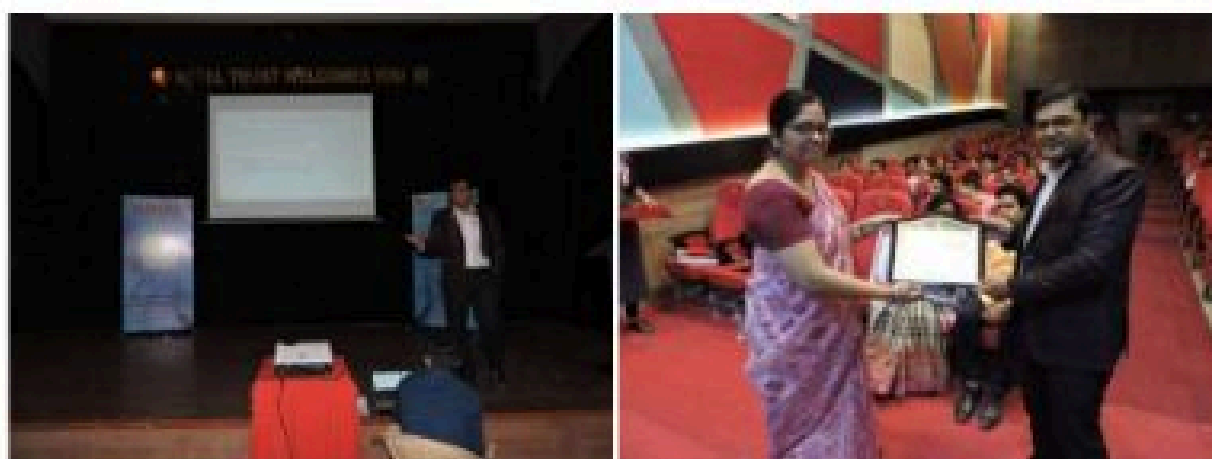

Dr. Komal Parmar, MOC of Technical Sessions

Technical Sessions of Seminar

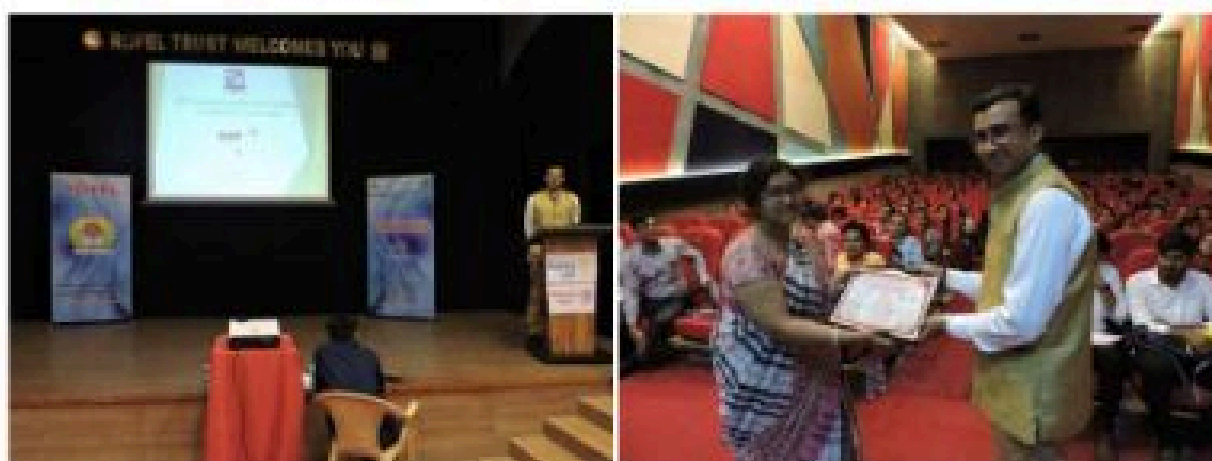

Session 1:

Mr. Raj Hakani started the Technical Session with title of the lecture "Artificial Intelligence in Health Care". He provided an excellent detailed lecture on role of AI in healthcare. The lecture demonstrated minute details of artificial intelligence. Further, he also discussed the applications of artificial Intelligence in various fields of science, including pharma sector. He gave a detailed insight in how Artificial Intelligence works in medicine field, i.e. in diagnosis of disease, information of medical profile of patient, etc. Lecture was so informative that later in question and answers session, we had a healthy discussion on the technical portion related to the topic. Mrs. Madhuri Hinge, Assistant Professor felicitated Mr. Raj Hakani with a memento and certificate

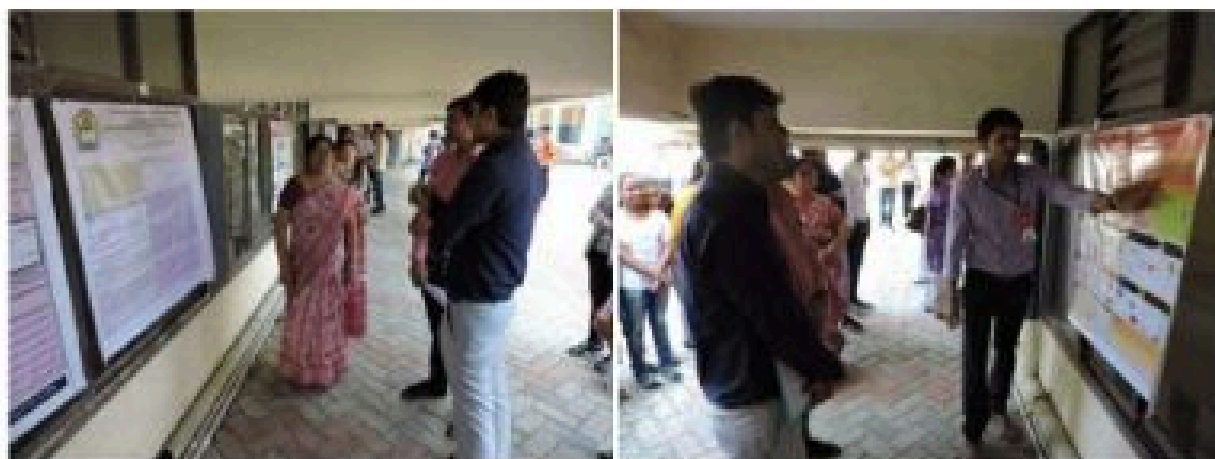

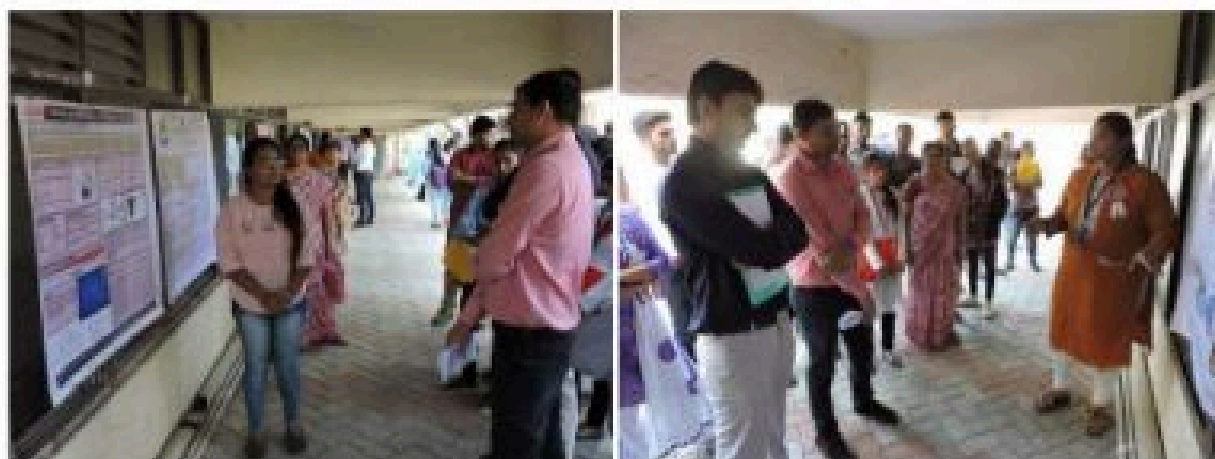

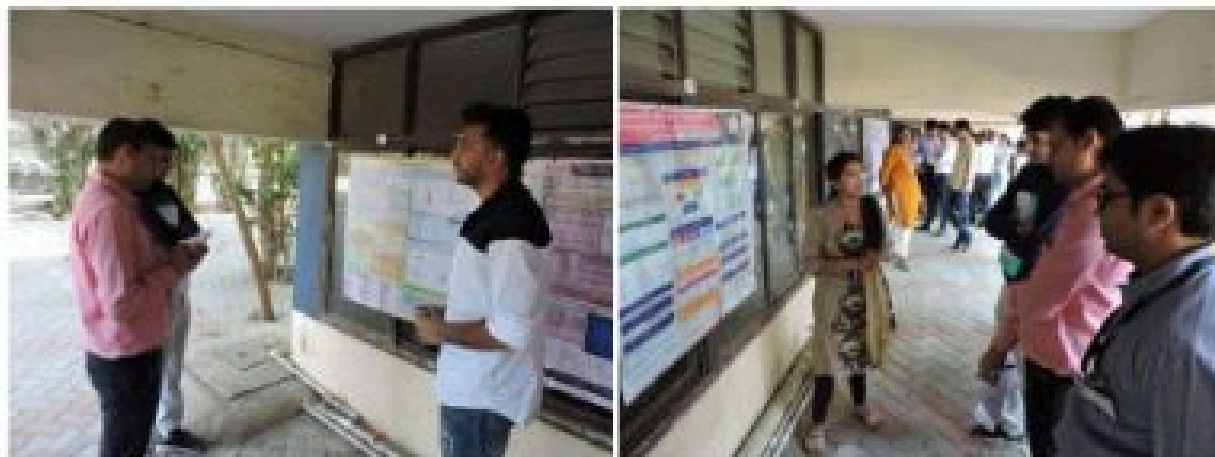

Session 2:

Mr. Hemal Nayak took over the next pre-lunch Technical Session. The title of the lecture was "**3D Printing in Drug Delivery System: Prospects & Challenges**". It was an informative lecture on 3d printing in healthcare. Novel drug delivery systems are being developed for better therapy and patient welfare. 3D printing being a novel technology utilized in various other fields can also be utilized in pharma sector in development of novel drug delivery systems. The lecture presented detailed information on 3D printing and its applications in drug delivery system. He depicted appropriate examples with minute detail. Again audience had a healthy question and answers session at the end of the lecture clearing their doubts and queries. Mrs. Rupa Sengupta, Assistant Professor felicitated Mr. Hemal Nayak with a memento and certificate

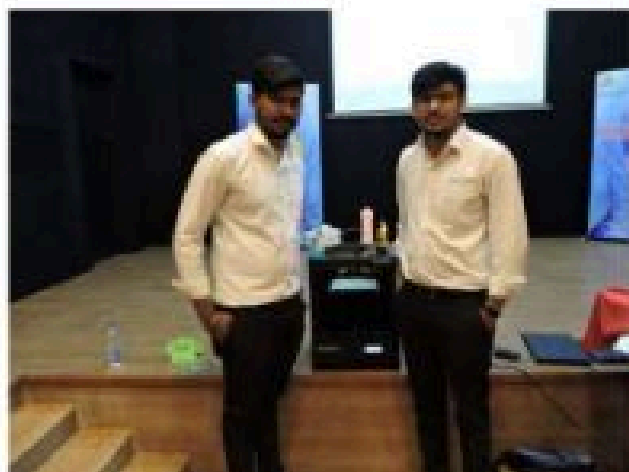

Session 3: Poster Presentation Competition

After the end of Session 2, poster presentation session was organised before lunch. In total 11 delegates participated in scientific poster presentation competition. **Dr. Bhavesh Akbari**, Professor, Shree Dhanvantary Pharmacy College, Kim (Surat) and **Mr. Vinod Ramani**, Assistant Professor, Bhagwan Mahaveer College of Pharmacy, Surat judged various posters prepared by the delegates.

Session 4 & 5:

Thereafter post lunch, Mr. Tejas Diyora, CEO-Co-founder & Business Relation Manager of Make3d.in, Surat and his colleague **Mr. Jay Gelani**, Manager delivered the third plenary lecture on **"Introduction to 3D Printing and Know How of 3D Printing"**. Initially he demonstrated basics of 3D printing. He being an industrial professional gave an importance of 3D printing in various fields and suggested the scope of 3D printing to achieve quality in formulation preparations. For the benefit of audience, he provided a practical demonstration session of the 3D printer which provided an insight in actual working of 3D printer for printing of various objects which may include pharmaceutical dosage forms. All the delegates took part actively in demonstration of 3D printer. Question and answers session led to informative discussion among the speaker and delegates. At the end, Dr. Mittal Dalal felicitated Mr. Tejas Diyora with a memento and certificate.

Session 4 & 5 (continued):

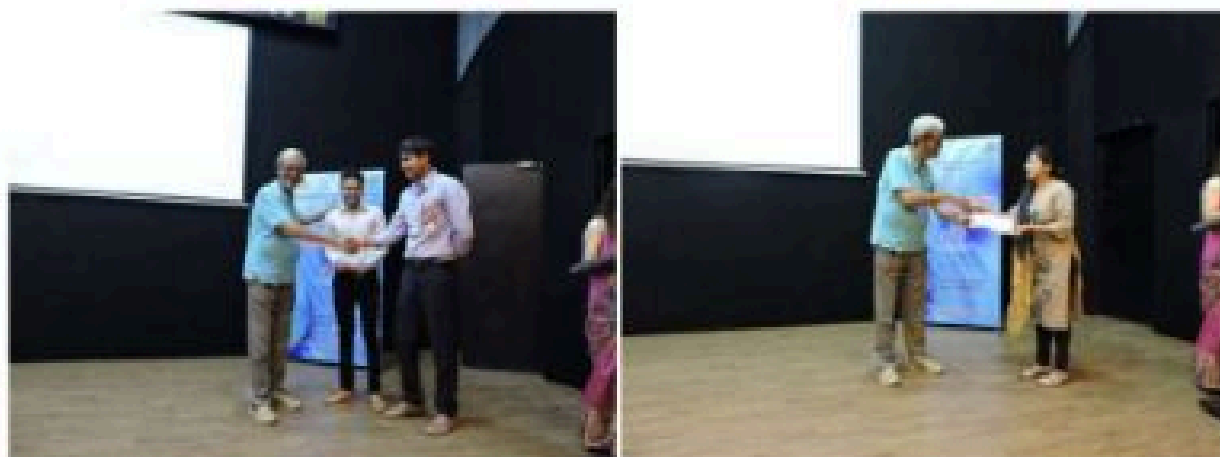

Valedictory Session:

Floral welcome of Rtn. Subhas Panchal, Trustee of ROFEL Trust was given by Principal of College Dr. Arindam Paul. He wished more such Seminar should be organised by the college for the benefit of students and teachers. He also congratulated the team of college for successfully organising the Seminar.

Winners of poster presentation were announced and Rtn. Subhas Panchal gave away the prizes to the winner and runner-up of poster competition. First prize of Rs. 1000 was given to the poster of Mr. Bharat Chaudhari & Mr. Rajendra Rajpurohit of ROFEL Shri G. M. Bilakhia College of Pharmacy, Vapi and second prize of 500 Rs. Cheque was given to the poster presented by Ms. Sonal Pandey of S.S.R. College of Pharmacy, Silvassa.

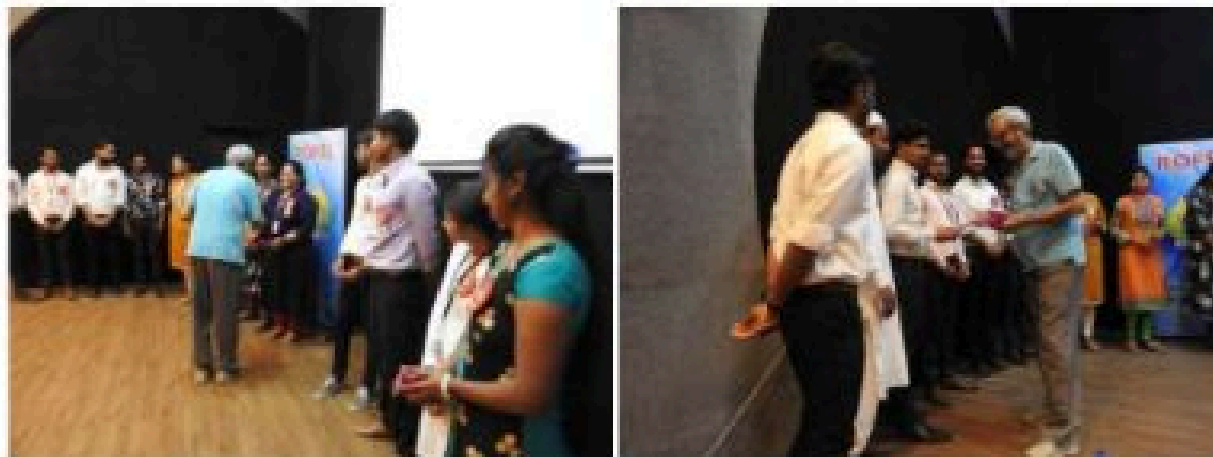

Rtn. Shri Subhas Panchal giving away first prize of scientific poster competition (left) and second prize (right)

Later feedback was given by delegates. They expressed their thoughts on the seminar.

As a token of appreciation a small gift was given to students who volunteered this Seminar with the Organisers of this Seminar by Rtn. Subhash Panchal

Vote of thanks was given by Dr. Komal Parmar and the Seminar ended successfully.

A Two Day GUJCOST sponsored National Workshop was organized by ROFEL Shri G.M. Bilakhia College of Pharmacy, Vapi. The theme of the workshop was “Quality by Design

using Design of Experiments (DoE)". This workshop was organized for the purpose of sharing the scope of DoE in research field for Pharma researchers. A total number of 159 delegates have participated in this seminar. The program schedule was as follows:

DAY- 1 DATE: 17th Feb 2018 (Saturday)		
TIME	TOPIC	SPEAKER
0900 – 0930	REGISTRATION AND BREAKFAST	
0930 – 1000	INAUGURATION	
1000 - 1130	Session-1: QbD: Systematic Approach in Product Development	Dr. Remeth Dias Head of Department, Government Polytechnic, Jalgaon
1130 - 1230	Session -2: Role of Hypothesis Testing & ANOVA in Pharmaceutical Science	Dr. R. D. Patel Professor and Head Department of Statistics, VNSGU, Surat
1230 – 1330	LUNCH	
1330 – 1500	Session -3: Central Composite Design and Mixture Design	Mr. Atul Kathiriya AGM (P&D), Anand Pharmaceuticals Ahmedabad

DAY- 2 DATE: 18th Feb 2018 (Sunday)		
TIME	TOPIC	SPEAKER
0900 – 0930	BREAKFAST	
0900 – 1030	Session -4: Poster Presentation Session	
1030 – 1200	Session -5: Factorial Design for Design of Experiment Approach in Quality by Design	Dr. D. M. Patel, Professor & Director-PG & Research, Arbent School of Pharmacy & Bio- research Institute, Adalaj, Gandhinagar
1200 – 1300	LUNCH	
1300 – 1500	Session -6: Comparison b/w Full Factorial Design & PB Design	Dr. Lalji Baldaniya Associate Professor, Anand Pharmacy College, Anand, Gujarat
1500 – 1530	Valedictory Function and Distribution of Certificates	

Day -1: (17th Feb 2018)

A. Inaugural function

Inauguration ceremony was started at 10.00 am; Dr. Remeth Dias, Head of Dept, Govt Polytechnic, Jalgaon and Dr. R. D. Patel, Prof and Head, Dept of Statistics, VNSGU, Surat; were the Guest of honours. The dignitaries present were trustees of ROFEL Trust:- Rtn. Deepak Shah and Rtn. Praful Dewani; President of Rotary Club of Vapi:- Rtn. Prakash Bhadra; Principal of SMT. C.D.J. ROFEL Arts & SMT. I.S.R.A. ROFEL Commerce College, Vapi:- Dr. Hemali Desai; Incharge Principal at GIDC Rajju Shroff ROFEL Institute of Management Studies:- Dr. Priyakant Ved and Principal at ROFEL Shri G. M. Bilakhia College of Pharmacy, Vapi:- Dr. Arindam Paul.

A glimpse of the venue (auditorium) & The dignitaries present Dr. Arindam Paul, Dr. Hemali Desai, Mr. Atul Kathirya, Dr. Priyakant Ved and Dr. Hitesh Dalvadi right to left side

A glimpse of the venue (auditorium) & The dignitaries present Dr. R D Patel, Dr. Remeth Dias, Rtn. Prakash Bhadra, Rtn. Dipak Shah & Rtn. Praful Dewani right to left side

The inauguration ceremony commenced with Saraswati Vandana by students, followed by lamp lighting by present dignitaries.

All the dignitaries present were felicitated with floral welcome thereafter.

Floral welcome to Rtn. Praful Dewani by Dr. Arindam Paul

Floral welcome to Dr. Remeth Dias by Dr. Arindam Paul

Floral welcome to Mr. Atul Kathiriya by Mr. Mittal Dabai

Floral welcome to Rtn. Prakash Bhadra by Dr. Hitesh Dalvadi

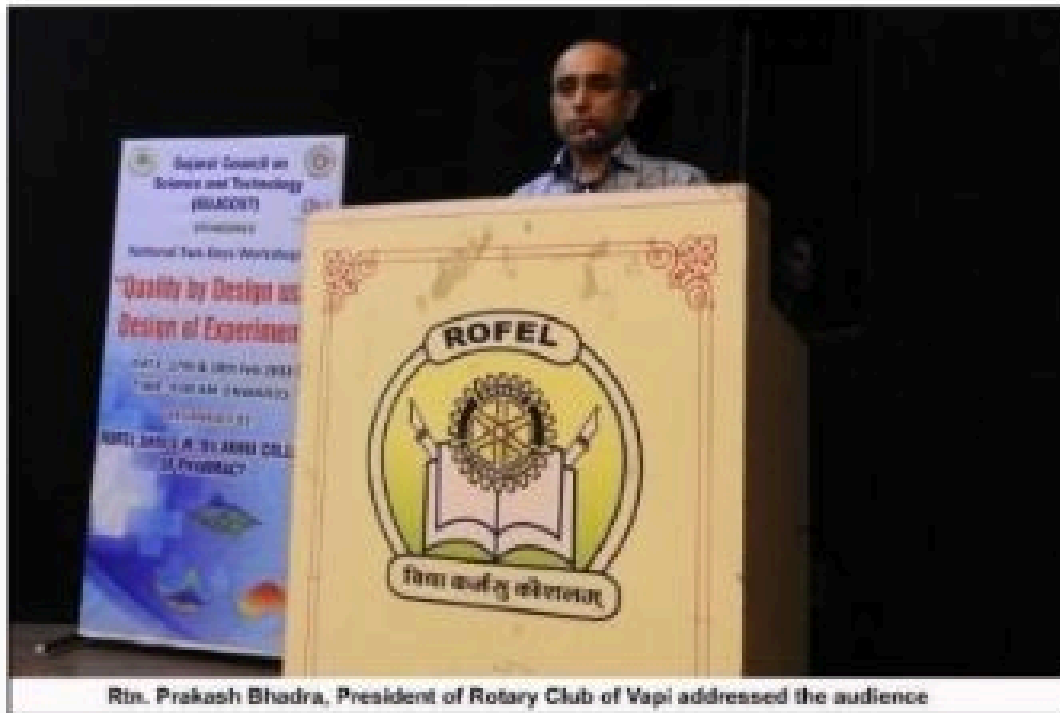

Welcome address was given by Dr. Arindam Paul, Principal of ROFEL Shri G. M. Bilakhia College of Pharmacy, Vapi. He expressed his immense pleasure for the presence of dignitaries and delegates to be present in commendable number. He also talked about importance of the DoE in the research field and in industry.

After floral welcome, Dr. Komal Parmar, Associate Professor at ROFEL Shri G. M. Bilakhia College of Pharmacy, Vapi and Co-coordinator of the workshop introduced all the eminent Speakers and Chair persons, to the audience and thanked them for sparing their invaluable time.

Rtn. Prakash Bhadra, President of Rotary Club of Vapi addressed the audience and provided his best wishes for the success of the program.

Rtn. Prakash Bhadra, President of Rotary Club of Vapi addressed the audience

Rtn. Praful Dewani, Trustee of ROFEL Trust addressed the audience by giving introduction of ROFEL Trust and informed about the achievements of college and gave his best wishes.

Rtn. Praful Dewani, addressed the audience about the achievements of college

Then, Dr. Remeth Dias, Head of Dept, Govt Polytechnic, Jalgaon and Dr. R. D. Patel, Prof and Head, Dept of Statistics, VNSGU, Surat addressed the audience about the theme of the workshop.

B. Technical Sessions

❖ Session I:

Dr. Remeth Dias started the session with title of the lecture **“QbD: Systematic Approach in Product Development”**. He provided an excellent detailed lecture on design of experiments. The lecture demonstrated minute details of DoE with appropriate examples. Further, he also discussed about the importance of application of designs in the formulation development process and gave an insight in proper selection of type of design with respect to the number of process variables. Lecture was so informative that later in question and answers session, we had a healthy discussion on the technical portion related to the topic.

At the end Mr. Mittal Dalal, Associate Professor, ROFEL, Shri G. M. Bilakhia College of Pharmacy, Vapi felicitated Dr. Remeth Dias with a memento and certificate.

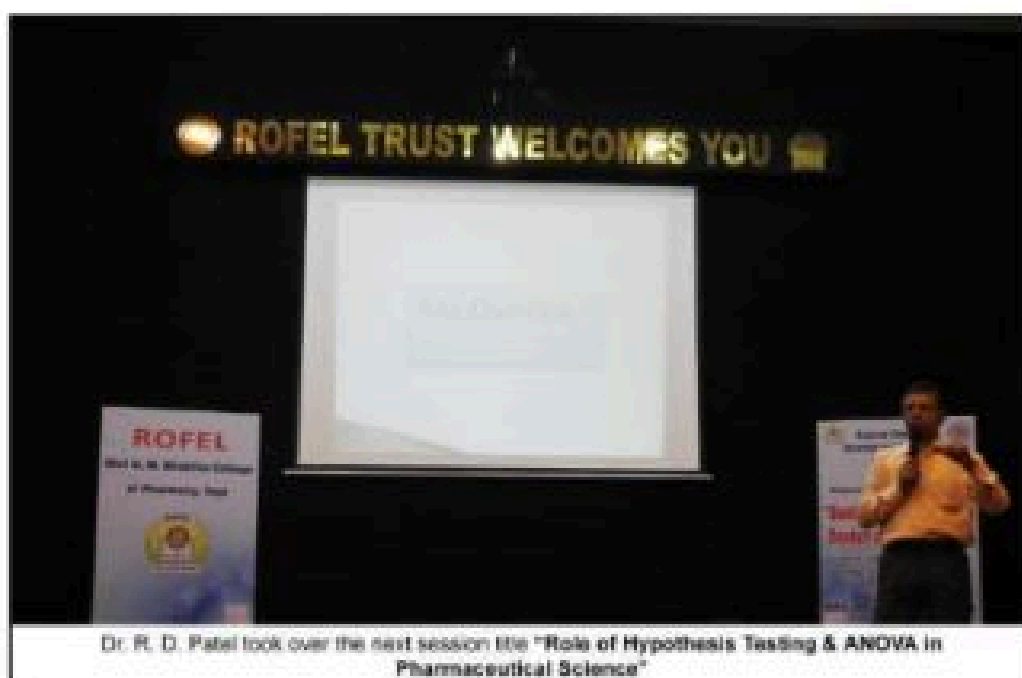

Dr. Remeth Dias started the session with title "QbD: Systematic Approach in Product Development"

◆ Session II:

Dr. R. D. Patel took over the next session. The title of the lecture was “**Role of Hypothesis Testing & ANOVA in Pharmaceutical Science**”. It was again a informative lecture on statistics. Every experimental design carries out statistical analysis in order to justify the application of the model and design applied. The lecture presented was detailed information on use of statistical analytical tests for the evaluation of data and design. He depicted each tests with detailed equations and demonstrated their application in DoE which was the core of the workshop. Again audience had an healthy question and answers session at the end of the lecture clearing their doubts and queries. At the end, Dr. Hitesh Dalvadi, Associate Professor, ROFEL Shri G. M. Bilakhia College of Pharmacy, Vapi felicitated Dr. R. D. Patel with a memento and certificate.

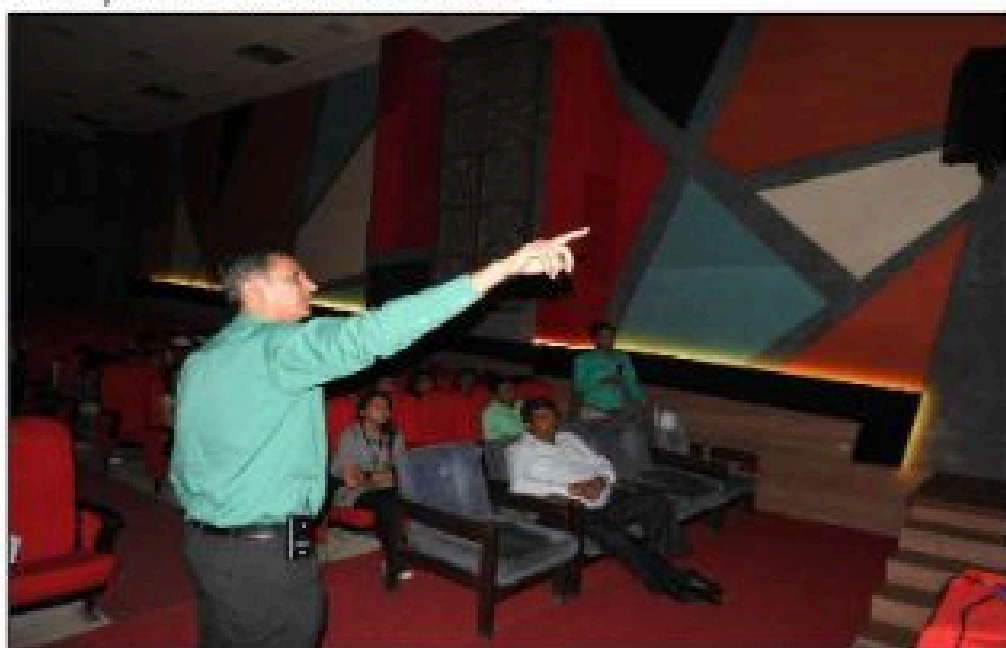

❖ Lunch Session

❖ **Session III:**

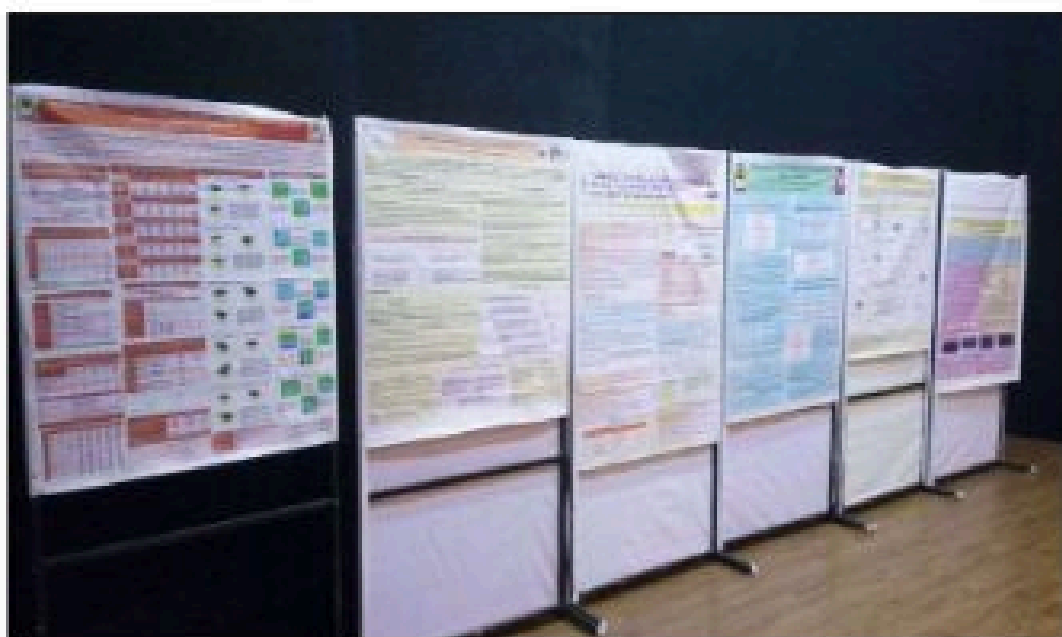

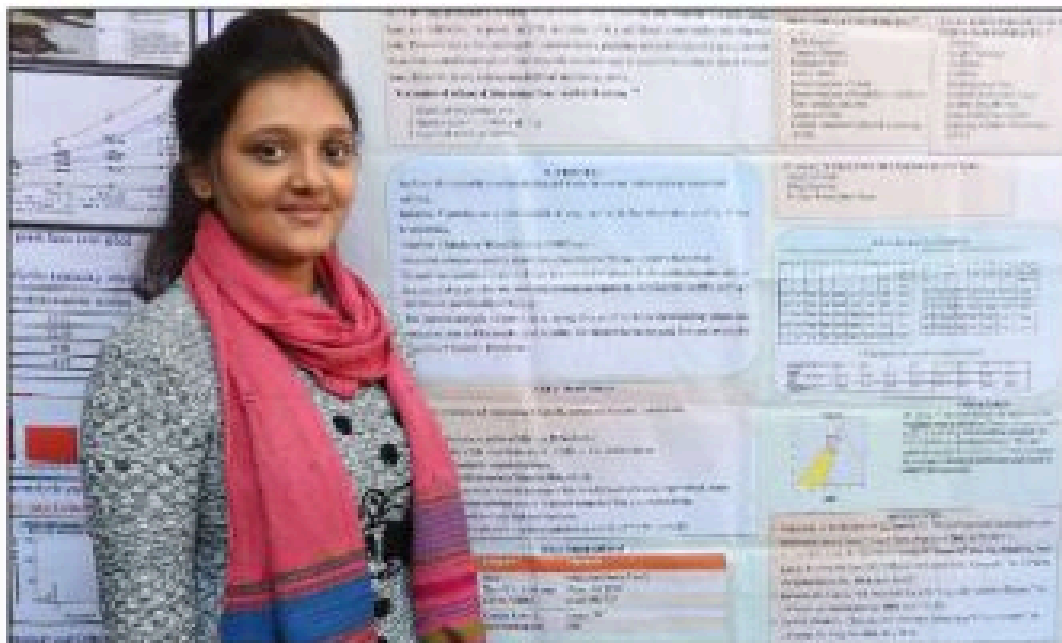

Thereafter post lunch, Mr. Atul Kathiriya, Assistant Manager, F & D, Amneal Pharmaceuticals, Ahmedabad delivered the third plenary lecture on **“Central Composite Design and Mixture Design”**. Initially he demonstrated basics of experimental design. He being an industrial professional gave an importance of quality by design in various industrial processes and suggested the scope of design of experiments to achieve quality in formulation preparations. For the benefit of audience, he provided a practical session of the software which provided an insight in actual use of software in order to achieve desired results for the optimization of the product. All the delegates took part actively in handling the software. Question and answers session led to informative discussion among the speaker and delegates. At the end, Dr. Arindam Paul, Principal of ROFEL Shri G. M. Bilakhia College of Pharmacy, Vapi felicitated Mr. Atul Kathiriya with a memento and certificate.

Day -2: (18th Feb 2018)

❖ Session IV:

Post breakfast, poster presentation was scheduled. Total 11 posters were presented by different delegates from all over Gujarat. Mr. Ajay Talele, Assistant Professor of Smt B. N. B. Swaminarayan Pharmacy College, Vapi and Mr. Mittal Dalal, Associate Professor, ROFEL Shri G. M. Bilakhia College of Pharmacy, Vapi judged the poster presentation of different delegates.

Later technical session started with prayer note by the prayer group. Floral welcome of Dr. D.M. Patel, Professor and Director, Arihant School of Pharmacy and Bio Research Institute, Gandhinagar and Dr. Lalji Baldaniya, Associate Professor, Anand Pharmacy College, Anand was done.

Floral welcome to Dr. D. M. Patel by Dr. Arindam Paul

Floral welcome to Dr. Lalji Baldaniya by Dr. Hitesh Dalvadi

❖ Session V:

Technical session by Dr. D. M. Patel on topic "Factorial Design for Design of Experiment Approach in Quality by Design". It was a detailed lecture of quality by design with detail of factorial design. He demonstrated minute details included in various experimental designs. He also mentioned application of quality by design in various fields. Later he emphasized on application and utilization of factorial design which is mother of all experimental designs. It was one to one interaction between delegates and speaker during question and answers session in which they cleared their queries and doubts. Dr. Hitesh Dalvadi, Associate Professor of ROFEL, Shri G. M. Bilakhia College of Pharmacy, Vapi felicitated Dr. D. M. Patel with a memento and certificate.

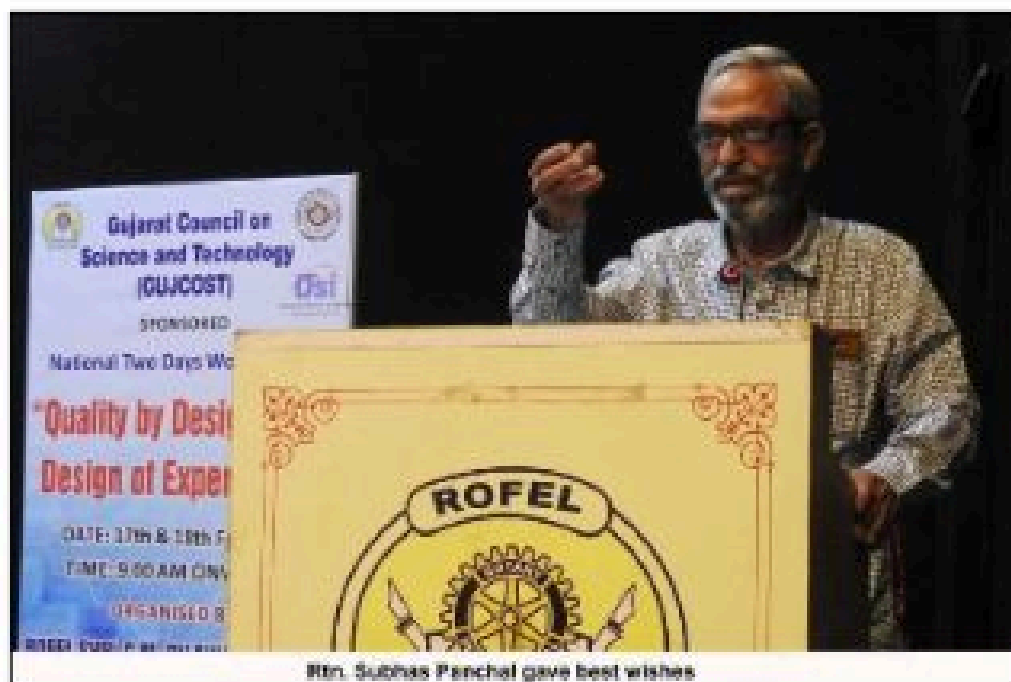

❖ Session VI:

Technical session by Dr. Lalji Baldaniya on topic “Comparison b/w Full Factorial Design & PB Design”. It was very informative lecture on various designs with emphasis on Plackett and Burman Design with case studies. He also covered introduction and scope of quality by design and experimental design. Starting from the brief description of various designs, he elaborated Plackett and Burman design in detail. The lecture helped to understand the students about how number of variables could be reduced with the help of this design when they are in such a large number which would not make it convenient to carry out the trials. Question and answers session had been very interactive. At the end, Dr. Arindam Paul, Principal of ROFEL Shri G. M. Bilakhia College of Pharmacy, Vapi felicitated Dr. Lalji Baldaniya with a memento and certificate.

C. Valedictory Function:

Trustee of ROFEL Trust Rtn. Subhash Panchal was Guest of honor. A warm floral welcome was given to him. He emphasized the importance of quality not only in professional life but also in day to day activities in life. He wished that each and every participant of this seminar will take away the intellectual knowledge provided along with unforgettable memories of this event. And he gave his best wishes to all participants for the professional life.
