## EXPERT TALK

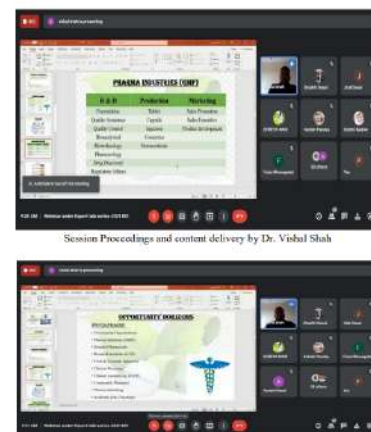

### E-ALUMNI TALK

ROFEL Shri G.M Bilakhia College of Pharmacy and ROFEL Pharmacy Alumni Association and Research Society organised online alumni talk on “Career Opportunity in Pharmaceutical Research in Current Scenario” by Dr. Jasmin Garala”, alumni of our college and currently working with Zydus Cadila, Ahmedabad as a Deputy Manager F&D. The talk was held on July 10, 2021 (9.15 a.m onwards). Around 100 Participants were joined including our alumni and students of B.Pharm sem 5&7 and M.Pharm sem 2. It was such an informative and interactive session.

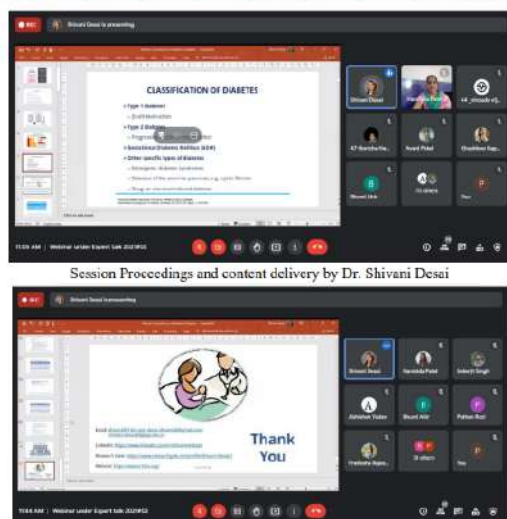

### GUEST LECTURE

On 17th July, 2021, Dr. Vishal Shah shared scope and opportunities horizons for M.Pharm students. He had shared basic fundamental roles and responsibilities of the QC and QA departments in industries. He had explained the role of GMP and GLP and how it is applied in non-clinical health and environmental safety studies for planned, performed, monitored, recorded, archived, and reported. Dr. Vishal has shared objectives and activities done by Quality assurance personnel in GLP and why it is essential for human beings are also discussed with participants.

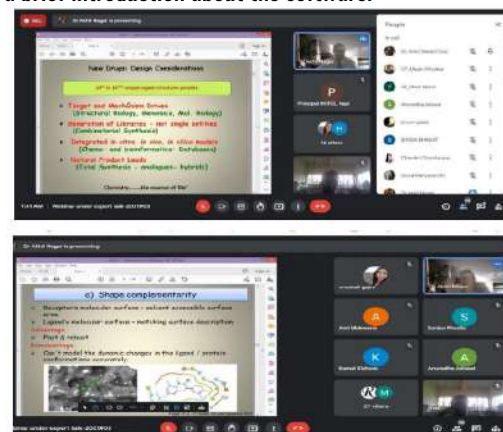

### GUEST LECTURE

On 20th July, 2021, Dr. Shivani Desai shared vital points about gestational diabetes in her session. She has explained facts and concepts about the current medical issue like gestational diabetes. Dr. Desai also explained various pharmacological and non-pharmacological points considered useful in inpatient counseling. Dr. Desai had mentioned some crucial suggestions about exercise and the importance of diet during pregnancy to avoid gestational diabetes. Dr. Desai had covered needful points of patient counseling's importance for hospital pharmacists in gestational diabetes.

### GUEST LECTURE

On 24th July, 2021, Dr. Akhil Nagar gave detailed concepts on new drug design along with the quantitative structural activity relationship. He explained about relationship between structural features of the compound and molecular response based on the experimental data. Dr. Nagar also explained the application of QSAR on drug design along with examples. Dr. Nagar had given an idea about the molecular ligand binding on the active site of the stable complex or receptor. He explained the change in configuration to give the proposed action. Dr. Nagar gave information about key and lock mechanism for molecular docking. He also covered the types of docking, types of interactions and different stages of docking. He also highlighted software used for docking and also gave a brief introduction about the software.
