THALASSEMIA AND SICKLE CELL CAMP

Date: 14-10-2024

Venue: Multipurpose Hall, ROFEL College.

A Thalassemia camp was organised by NSS cell to spread awareness among students. The main aim of the Thalassemia Screening Camp was to spread awareness about Thalassemia, a genetic blood disorder and to conduct screening tests to identify carriers among students and staff. The event emphasized the importance of early detection and genetic counseling to prevent the transmission of the disease. The camp was conducted in collaboration with Rotary Club of Vapi and Indian Red Cross Society. Around 217 students went for screening of thalassemia. The screening was done by Indian Red Cross Society. Students were given e-certificate followed by awareness lecture delivered by doctor of eye and dental checkup to spread hygiene, awareness and were given reports of their appropriate checkup.
